

County Dramatic Contest Soon

The annual county dramatic contest of the Farm and Home Bureau will be held next week. Four competitions are ready and the schedule for the week is as follows:

Shawangunk-Walkkill—Shawangunk Hall, Monday evening, November 21.

Hurley—Basement of Hurley Church, Tuesday evening, November 22.

Accord—I. O. O. F. Hall, Accord, Wednesday evening, November 23.

New Paltz—New Paltz Grange Hall, Friday evening, November 25.

The contest takes on new interest this year due to the fact that the winner in the county not only stages the play at the annual banquet, but later will meet the winning cast from Saratoga county in an inter-county contest. The winners in the inter-county contest have car fare paid to Ithaca, where they compete in the state contest against winners from the other three districts of the state. The Ulster county casts are all using the last ounce of energy they possess to win the trip to Cornell. Shawangunk-Walkkill holds the county cup and are putting up a strong fight to hold it.

The line-up of casts in the county is as follows:

Accord—Joint Owners in Spain.
Mrs. Mitchell... Mrs. Percy Garley
Mrs. Fullerton... Mrs. Edna Baker
Miss Dyer... Mrs. John Osterhout
Mrs. Blair... Mrs. Wm. Osterhout

Hurley—The Rector.
John Horsford... Robert Cole
Margaret Norton... Mrs. I. Rosa
Victoria Enos... Grace Patten
Mrs. Lemington... Mrs. C. Dixon
Mrs. Mulvey... Mrs. C. Oliver
Miss Trimball... Mrs. Beesemer
Janie... Mrs. Ray Smith

New Paltz—Sauce for the Gossling.
Richard Taylor... Henry DuBois
Margaret Taylor... Mrs. Frank Elliott
Robert Taylor... Ralph Buchanan
Elizabeth Taylor...

Shawangunk-Walkkill—Easy Terms.
Janie... Juliana Stang
Jimmie... Fred Stang
Murphy, the janitor... Mr. Renton

She's After Kip Again

Mrs. Alice Jones Reinlander, negro wife of disinherited heir to New Rochelle, N. Y., family's million, declares that \$500 monthly alimony from Kip Reinlander is insufficient, and will ask court to increase allowance.

(International Newsweek)

BLOOMINGTON.

Bloomington, Nov. 17.—The following ladies attended the Women's Board of Domestic Missions Anniversary meeting held in the First Church of Albany: Mrs. C. V. W. Bedford, Mrs. Elmer Bundy, Mrs. Fred Chatterton and Miss Florence Relyea. All enjoyed the day and the privilege of attending such a wonderful meeting and the opportunity of worshipping in this historic church.

Mr. and Mrs. John Bordenstine and mother have purchased a Radiola and are enjoying it very much.

James Ward... Walter Parker
A maid... Myra Gerald
Shawangunk-Walkkill—Easy Terms.
Janie... Juliana Stang
Jimmie... Fred Stang
Murphy, the janitor... Mr. Renton

Times Square

MODENA.

Modena, Nov. 17.—Mrs. Philip Acert and Mrs. Andrew Bernard of Walden were visitors at the home of Mrs. Harry Paltridge on Wednesday. Parents of Newburgh called on Joseph Paltridge and family on Sunday afternoon.

Mr. and Mrs. Jesse Ostrander, Thomas Crawshaw and Ida Crawshaw of Newburgh spent Sunday at the home of Mrs. Lillian Pittridge. Mrs. Oscar Smith and Ratie Paltridge were business callers in Newburgh on Monday.

Mr. and Mrs. Archibald Mackey have purchased the property where they now reside, of Joseph Harbrouck, Sr.

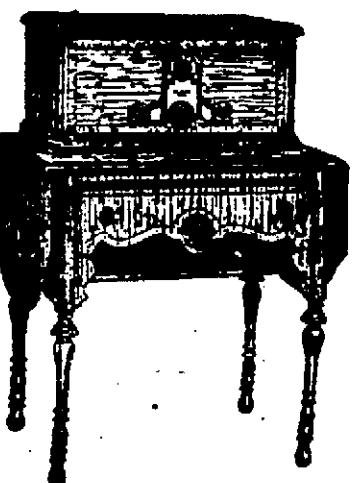

The work on the new house of Hector is progressing rapidly. Harry Thompson, builder and contractor, of Clintondale, is doing the work.

Mr. and Mrs. Arthur Coy and George Coy were callers in Newburgh on Monday afternoon.

Mr. and Mrs. Abram Degroot of Lake Osiris called on Mr. and Mrs. Charles Roosa Wednesday afternoon.

Weiner Hose Masquerade Ball at the White Eagle Hall, November 23. Grand March at 10 o'clock. Prizes. Admission 50 cents.—Advertisement.

What Radio Will I Buy?

E 14. Six tubes. Totally shielded. Without tubes or accessories. \$105.00

E 10-60. Operated from light socket. Without tubes. \$275.00

E-5. Complete to match. Amplifier for all power equipment. \$25.00

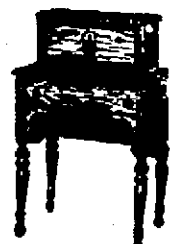

D-60. Five tubes. Built-in speaker. Without tubes or accessories. \$200.00

D-40-60. Operated from light socket. Without tubes. \$200.00

A FEDERAL ORTHO-SONIC to be sure. In our experience with the sale of radio, we have never found a set that compares with Federal for tone, selectivity, beauty and operative simplicity. It is first and foremost in the radio field. And for all of these excellent points it is the most reasonable line of sets we have ever offered in this city.

You can buy them for light socket or battery operation, each in its class giving absolute efficiency.

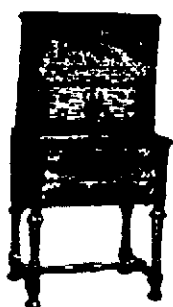

Don't buy until you have "discovered" the finest radio you have ever heard or seen. It's an Ortho-sonic—that's the radio to buy.

D 10. Five tubes. Controlled control. Without tubes or accessories. \$100.00

D 10-60. Operated from light socket. Without tubes or accessories. \$100.00

D-5. Console to match. Amplifier for all power equipment. \$25.00

FEDERAL ORTHO-SONIC RADIO
Reg. U.S. Pat. Off.

Sets for battery or light socket operation.

KINGSTON, N. Y., NOV. 19, 1927.

Looking back over a busy life of 74 years, which has kept him in touch with the leaders and developments of a remarkable period of human history, President-Emeritus Thaw of Western Reserve University says: "Humanity is improving. It will take an eternity to reach perfection; but thank God, we have the eternity! The journey is more important than the journey's end. Besides, it's a mighty pleasant journey." Here speaks the optimistic thinker. A thoughtful pessimist will come to a different conclusion, and may make a pretty good case, too. There are many facts on both sides. This, at least, must be admitted in favor of optimists like President Thaw: They get more things done than the pessimists, and have a better time doing them.

CHRISTMAS MAIL.

The directions issued by the Postoffice Department to facilitate the handling of Christmas mail are really very simple. First, postage should be fully prepaid on all mail matter. Then the package or envelope should be plainly and completely addressed and should bear the sender's correct return address. All articles sent through the mail should be carefully and strongly packed, securely wrapped and tied. Parcels mailed early may be marked "Do not open until Christmas." Parcels ought to be insured. There are other instructions concerning places for mailing and the sort of greeting which may be enclosed. No personal letters or communications should be put into parcel mail unless the sender is willing to pay first-class postage for it. It is for the sake of senders and receivers of Christmas mail, quite as much as for mail carriers, that such rules are prepared and enforced. Cooperation on the part of the public would show good sense as well as a good Christmas spirit.

MORE HYPNOTISM.

Hypnotism is bobbing up again after a period of quiescence. A hypnotic gentleman from Brazil, operating in Chicago, has put patients into a hypnotic sleep during which they have undergone severe operations without any sense of pain and with a quicker recovery than is usually experienced when ether or chloroform is used. He hypnotizes dental patients, too, while they have sensitive teeth drilled.

There is no real novelty in this, to intelligent physicians or well informed laymen. It has long been known that the same hypnotic power often used on the stage a generation ago to throw people into a strange stupor and then make them obey any suggestion of the hypnotizer, could be used for medical or surgical purposes. Cautious physicians, however, have nearly always refused to avail themselves of it, because of the dangers associated with it.

The effect of hypnotism on the mind of the subject, on his nervous system and on his will-power, is not yet clearly understood. Physically this sort of experimentation may seem to work well. Psychologically, experts say, it may work badly, introducing a destructive factor into a normal mind or upsetting a weak mind.

As long as there is any doubt about the matter, it is probably wise to steer clear of hypnotism altogether, neither practicing it on others nor subjecting oneself to it. Such caution is not medieval superstition but enlightened common-sense.

DESTRUCTIVE TRUCKS.

Fire and ten-ton trucks, rumbling their way over the roads and highways of this country, are coming to be regarded as more of a nuisance than convenience. In addition to tearing up roads toward the construction of which they do not contribute a proportionate financial support, they are damaging buildings and homes along the way.

A prominent case in point is the Wayside Inn in Sudbury, Mass., now owned, restored and beautifully maintained by Henry Ford. The Wayside Inn has stood for nearly two cen-

turies on one of the main highways from Boston to New York. Traffic along that route in recent years has been so heavy as on any automobile route in the land. Big trucks, passing by, jarred the foundations of the inn and might eventually have wrecked it. Mr. Ford, with the sanction of the state of Massachusetts, is diverting the heavy traffic, building a new stretch of road a mile and a half long at an estimated cost of \$125,000.

There are a good many other property owners who have suffered from heavy trucks passing their doors. Foundations have been jarred, plaster has been shaken from ceilings, expensive repair work has been forced, all with no compensating service or payment from the trucks.

Heavy truck transportation may be cheaper than rail transportation when only the actual rates are considered. But when the taxpayers' expenditure for roads and the individual's expenditure for unusual repair work are taken into account it is obvious that there is something wrong with the system.

Undoubtedly there will have to be more limitation of automobile freight traffic according to road types, and heavier taxation of trucks than at present. Eventually, too, some means will have to be devised to protect the home-owners along the highways.

THAT BODY OF YOURS

by James W. Barton, M. D.

(Registered in accordance with the Copyright Act.)

INCREASING YOUR BLOOD PRESSURE.

You learned in your physiology class, that the volume of blood in the body is about one-twelfth to one-fourteenth of the body weight, or about five quarts.

Thus five quarts of blood pass through the heart every thirteen seconds, or about five times per minute.

However where the individual has an insufficient quantity of blood due to bleeding or illness of any kind, trouble may arise.

For instance, if the blood vessels and heart are not kept full of blood then the heart, having less blood in it to press or pump out, does not pump as hard as it should.

This means that sufficient blood does not reach the vital centers. There is a feeling of weakness, restlessness, rapid breathing, pulse small, sweating, and falling consciousness.

Now when there has been any loss of blood, where blood pressure is low, or where the heart muscle is weak, your first thought should be to try and help the return flow of blood to the heart, because the more blood that gets to the heart, the stronger it contracts on the blood within it, and so strengthens the circulation.

During the withdrawal of blood for testing purposes, or to transfuse from one individual to another, the lying down position is always used. It helps to prevent shock.

If you are one of these individuals who are shocked at sight of blood or accidents of any kind, don't try to be brave by standing or sitting, but lie down at once if you begin to feel uncomfortable. Standing or sitting requires more effort on the part of the heart, in fact, almost half as much again as the lying down position. The heart will be thus beating more rapidly with less blood to pump with each beat.

Nature herself, when there has been any loss of blood, will immediately draw liquids from the tissues to swell the blood stream.

This accounts for the extreme thirst in these cases. The point to remember then is that in cases of shock, of faintness, or loss of blood from bleeding, your first thought should be to assist the heart by getting into the lying down position at once.

TWENTY AND TEN YEARS AGO.

Nov. 18, 1907.—Miss Mary Curtin and Joseph Barry married.

Howard Stephens and Miss Jane Mills Winchel married.

Dr. and Mrs. James C. Coles of Ellenville injured in an auto accident.

Nov. 15, 1917.—Paul Dubla of New York and Miss Anna Goldberg married at home of bride on West O'Reilly street.

St. James M. E. Church unfurled its service flag containing 27 gold stars.

Charles Perkins, Jr. and Miss Ethel Longendyke married.

Charles Reinhard and Miss Agnes Casey married at Saugerties.

An infant child of Roy Myers of Katrine seriously burned when he pulled lighted lamp off the table.

How It Was Named

Anesthesia was once a science without a name. It was related by anesthetists attending an American College of Surgeons convention. For ten years after the discovery of methods for the control of pain in 1840, neither the process nor those who administered it could be described by any term then in the language. A group of physicians finally appealed to Oliver Wendell Holmes and he, with his flair for words, coined the term "anesthesia" from the Greek.

How "Rival" Originated

"Rival" is from the Latin word "rivalis," a brook or stream. Rivals were originally persons living on opposite sides of a brook and each claiming exclusive right to the use of the stream.

HOW

ORANGE FLOWERS BECAME ORNAMENT FOR BRIDES.

When Spain was at the height of her power, a Spanish nobleman, wishing to marry a young girl with all pomp and ceremony, an orange tree as an emblem of fruitfulness and prosperity.

The French ambassador at the Spanish court, an astute nobleman, hearing of these wonderful trees and how quickly fruit grew on them, decided to possess one. He discovered that, unknown to her father, the daughter of the royal gardener—a pretty, dark girl—was deeply in love with a young man, who, however, was comparatively poor, so that they could not marry.

The French noble, fearing that an attempt to bribe the gardener might be unsuccessful, approached the daughter, telling her that if she could obtain a small plant for him he would give her a large sum of money. The girl assented, and when the plant was handed to the ambassador he paid her as liberally as the lovers were able to marry and purchase a farm for themselves. On the marriage morn the happy bride entwined orange blossoms in her hair in remembrance of her good fortune.

The Frenchman sent the plant to his estate in the south of France. In due course he was able to present a tree to the king of France, and a little later one was introduced into the royal garden of England.

When the story of the Spanish girl came to be known, the flowers began to be used as bridal wreaths and decorations, but for a long time they were so expensive that only the wealthy could indulge in this pretty ornamentation.

How East Indian Holy

Men "Make the Grade"

Being a holy man in India is indeed a hard life. Almost any one can become a Sadhu or holy man in that teeming country if he can stand the trials. Let the hair grow disheveled; smear the almost naked body with grease, paint and ashes; cultivate a far-away look; sit on spikes in a swing suspended from the limb of a tree; bury the head in the ground for long periods; fast until the body becomes a mere shadow; make long pilgrimages to holy places by rolling to them; these and a few other tribulations entitle one to be called a Sadhu.

Recently it was reported that a Sadhu had broken all known records by sitting on a bed of nails for the last seven years. While so sitting in a perambulator he traversed many of the sacred rivers of India.

Trial Work Ends In County Court

All jurors in attendance at the present term of county court were excused for the term. Thursday afternoon, no cases were ready for trial and in several cases on the calendar there will be a discontinuance made without a jury. Several pleas of guilty have been accepted and several others will be disposed of later. Court went into recess until Monday afternoon at 2 o'clock when sentence will be pronounced in several cases now pending.

The case of The People vs. Billy King, which was to be the first case taken up for actual trial, faded away when Billy decided to change her former plea of not guilty to the charge of robbery. With that case on the trial calendar court was left without any apparent work and in consequence Judge Fowler discharged the jurors.

Several criminal matters have been disposed of by pleas of guilty and not a case came to trial.

DAILY LESSONS IN ENGLISH.

By W. L. Gordon.

Words Often Misused: Do not say "he broke the window and must pay the damage." Say "pay the cost". Often Mispronounced: occult; accent last syllable, not the first. Often Misspelled: physique; note the i.

Synonyms: shrewd, discerning, sagacious, keen, bright, acute.

Word Study: "Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day: Today's word: LUDICROUS; exciting mirth; comical. "He gave a ludicrous impersonation of the colonel."

LOOK AND LEARN.

By A. C. Gordon.

1. What famous English poet produced his greatest work while blind?
2. What animal has a liking for sluggish creeks?
3. Into what three grand divisions is the federal government of the U. S. divided?
4. Who was the first man to swim the English Channel?
5. What two foreign cities claim the distinction of having the most beautiful site in the world?

Thanksgiving and Your Home

THANKSGIVING coming. Children coming home for their little holiday. So much to do. They're bringing guests with them. Must make a good impression. Let's see—we could just hang new drapes and straighten things up. But what about the furniture? Old-looking, even if it is polished up. Might as well get a new dining suite—goodness knows we've needed it long enough. Be a fine surprise to young ones.

Living room, too. Needs a new piece or two—and that old mattress in the guest room. About time that went. Oh, well, suppose we do spend the money? We like the children to always want to come back home, don't we? Nothing like doing things right. No one can ever say we're back numbers.

Roll Call at First Baptist Church

Two Hundred Attend Reception at New Members—\$2000 Voted to New Emanuel Baptist Church on East Union Street.

In spite of the severe rain storm Thursday night two hundred were present at the annual roll-call meeting and reception to new members at the First Baptist Church on Albany avenue. Many came from distances of five, twelve and sixteen miles. A large number responded by letter and many more were prevented from attending by the stormy weather.

The pastor, the Rev. Arthur S. Cole, presided, and the program was of an informal character with devotional and social features. J. W. Frankel of Saugerties led in the opening prayer. Luther S. Decker, the treasurer of the church, made a brief financial report, and stated among other things that the new building would probably be ready for occupancy about March 1. The Thanksgiving offering so far amounts to almost \$700 dollars.

F. B. Matthews gave an account of the organization and growth of the new Emanuel Baptist Church on East Union street, and the church voted to give \$500 to this enterprise. Mrs. Alvin D. Bulley sang a solo, and was accompanied by Mrs. H. Leona Van Valkenburgh.

The names of the twenty-seven new members who had united with the church by letter or baptism during the past year were then read, and they were given a most cordial greeting. They are as follows: Kenneth G. Boss, Lucille Coffin, George H. Dunbar, Kenneth Dunbar, Mrs. Herbert Harbeck, Frank Kotke, Charles G. Krom, Ruth V. Krom, Charles T. Krom, Mrs. Grover C. Lasher, Nina E. Lester, Mrs. Frank K. McLaughlin, Mrs. Elsie Myers Pultz, Everett H. Reiff, Myron W. Reiff, George E. Rockwell, Robert H. Rockwell, Lucille D. Swibold, Rebecca M. Snyder, Mr. and Mrs. Harry Stickles, Mrs. Sarah E. Van Eiten, Anna L. Whitbeck, Mavis E. Whitaker, Robert Whitaker.

The pastor then gave a brief talk to the young people and at the close asked that all twenty-one years of age and under come forward for a short service of consecration. Fifty young people of these ages came to the front and stood together during the prayer of consecration.

At the close of the program all enjoyed a social hour together during which refreshments were served.

How to Control Floods

To our uninitiated mind the only final effective control of floods must come by laying down a height for flood waters above which those waters shall not be permitted to go. Much as a safety valve operates there must be outlets that take off the waters before they get beyond the height laid down as a maximum. As to whether a combination of spillways or other outlets, reservoirs, impounding, reforestation and other measures are needed, we defer entirely to the opinions of the expert engineers. But we feel assured that the maximum of flood waters must be put under some sort of control if floods are to be prevented. No matter how high this point be put, there must be some provision that it cannot go higher. The only way to control a flood is to control it.—Memphis Commercial Appeal.

Haw Rivers Were Reversed

Engineers developing a hydroelectric power plant near Sao Paulo, Brazil, caught a couple of rivers which had the habit of flowing westward, re-formed them to flow east and then led the waters by a series of dams and syphons up over a mountain range to the penstocks. Now the great has an effective head of 705 meters, produces 100,000-horse power and can generate 800,000, and the annual rampage of the rivers, which once resulted in flooding ten square miles of valuable land within the city, has been squelched.

Man's Inferiority

At man's birth his mother is the important character; at his marriage the bride is; at his death the widow.—San Francisco Chronicle.

DYSKI-NESIA

Dyskinesia or habitual constipation wrecks more health every day than any other single thing. It saps strength and vitality, causes serious diseases of the stomach, kidneys and heart, brings on high blood pressure and makes you old years before your time. The insidious condition of Dyskinesia is the result of our abnormal habits of living which place too great a strain upon the vital organs, especially the liver. The liver becoming weak or sluggish fails to supply the bowels enough bile. The bowels "tie up" and the poisonous waste retained affects the whole system including the vital organs. The liver occasionally needs a little help, and there's nothing better for this, as medical men now know, than a little ox gall. Ox gall is a remarkable natural stimulant for the human liver, promoting its normal active functioning, so essential to internal cleanliness and health. Dioxol tablets are genuine ox gall in dainty and tasteful form, each tablet representing 10 drops of pure ox gall. To be sure of getting the genuine ox gall, be sure of getting Dioxol. They cost less than 25¢ each at good druggists, and a few soon tell.

Ends Monoxide Dread

Rev. Father Thomas J. Glynn of McKeesport, Pa., claims to have invented an appliance that will prevent hundreds of lives being lost every year by deadly carbon monoxide gases from autos. His invention is attachment to car which acts as a filter on fatal vapor.

THANKSGIVING MUSIC AT FIRST DUTCH CHURCH.

The music at the First Reformed Church next Sunday will be appropriate to the Thanksgiving season and the programs as arranged by W. Whiting Frodenburgh, organist of the church, will prove more than usually attractive, especially at the morning service.

For the organ prelude at this service, Mr. Frodenburgh will play a beautiful majestic number for the organ by Gabriel Pierne, "In the Cathedral" written for grand organ and chimes.

The anthem will be Maunder's "Praise the Lord, O Jerusalem" and for the offertory Mrs. Doty will sing that beautiful but little known Thanksgiving solo, "The Song of Thanksgiving" by Cowan.

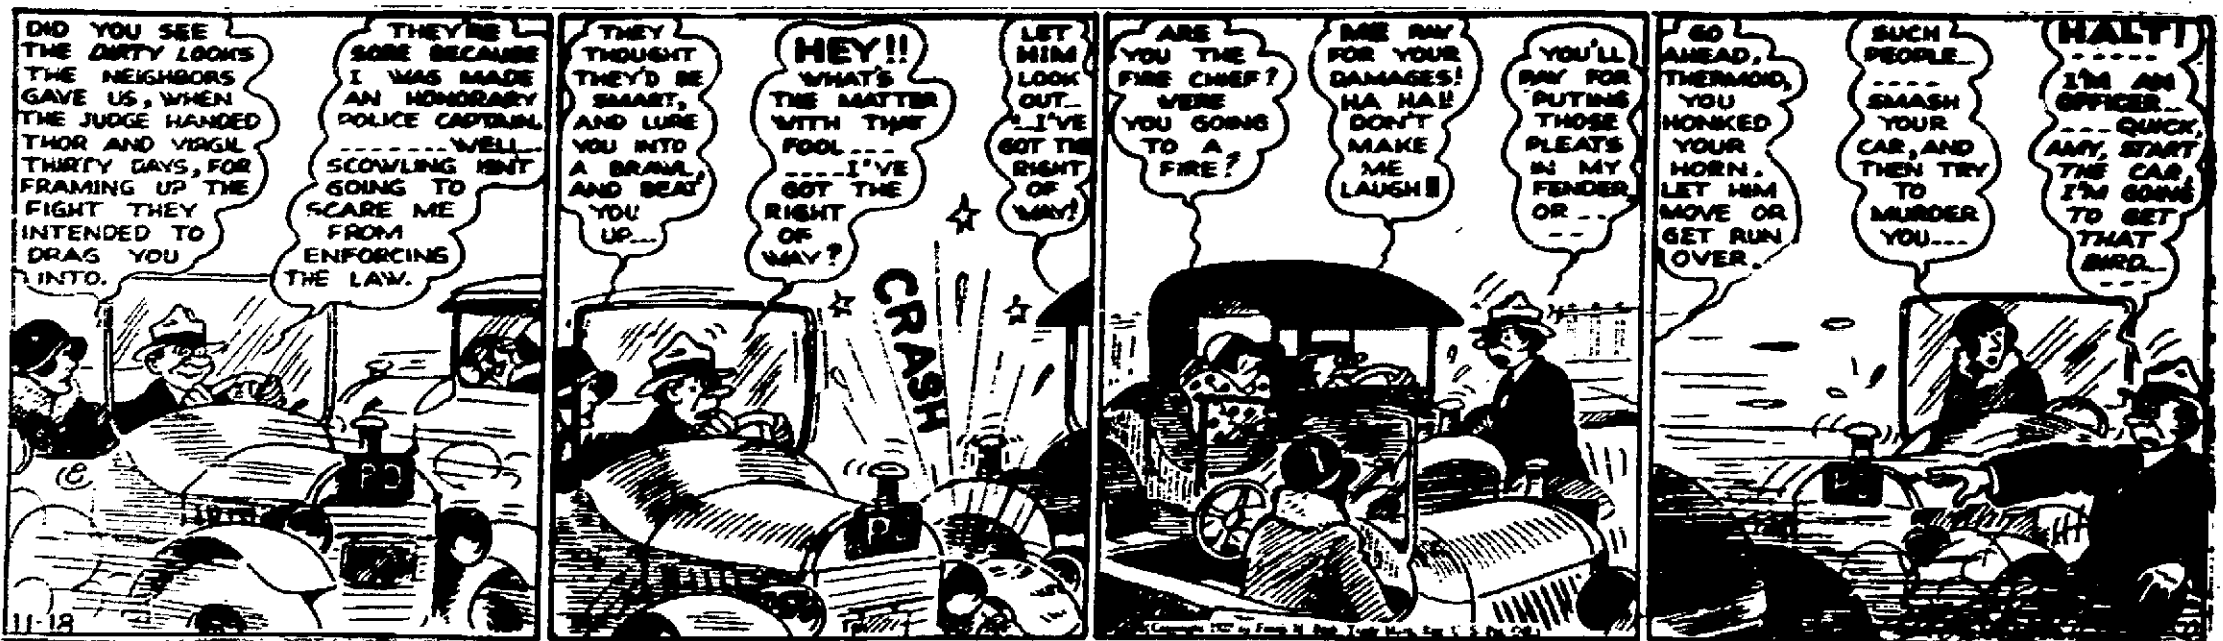

For the sermon, hymn, the little musical gem, "List to the Lark", introducing the Norfolk chimes, will be sung by Mrs. Johnston and chorus.

On Sunday evening, November 27, Maunder's Harvest Cantata, "The Song of Thanksgiving", will be given at this church.

Census Taking

The Constitution of the United States requires that a population census be taken decennially.

GAS BUGGIES—To Action, Captain.

MT. TREMPER.

Mr. Tremper, Nov. 7.—A Christmas sale and oyster supper will be held at the church hall Friday evening, November 18, for the benefit of the church.

Mrs. Grace Randall and daughters, Leita and Grace, have gone to Kingston, where they will spend the winter.

School will be closed until after Thanksgiving. The teacher, Miss Alta Moore, was called to Shavertown on account of the sudden death of her father. Deep sympathy is extended to Miss Moore, also Mrs. Artiste De Silva.

Eugene Hoffman has taken a position with the Prudential Insurance Company at Phoenixia.

Herbert Woodruff was among the lucky hunters to get a large deer. It had twelve prongs.

Mr. and Mrs. George Wilber of West Hurley visited Mr. and Mrs. Norman Wilber one day last week. Mr. Wilber was doing some surveying for R. P. Ingersoll.

Mr. and Mrs. John Davidson will close their home here next week and will spend the winter with their children in the city.

Mr. and Mrs. Floyd S. Wilber and son and Mrs. C. Wolvan and Mr. and Mrs. R. E. Wilber were callers at Mr. and Mrs. Norman Wilber's Sunday.

The first of the town anti-toxin clinics in this community will be held at Phoenixia at the office to Dr. John C. Gross on Tuesday, November 22.

L. Scholl is thankful to those, especially Raymond Smith who rescued him from drowning in a stream here recently. His horse became frightened and as a result Mr. Scholl was hurled into the stream of swiftly moving water caused during the recent rain.

COTTEKILL.

Cottekill, Nov. 17.—Mr. and Mrs. Grover Van Wageningen spent Sunday with his parents, Mr. and Mrs. George Van Wageningen, after returning from Florida on their wedding trip. They will reside at 7 Albert street, Middletown, N. Y. They have the well wishes of a host of friends.

Mr. and Mrs. Charles Goble and son spent Sunday with Mr. and Mrs. George Van Wageningen at Cottekill.

Bridged by Organ

The organ was the musical bridge which connected the lives, religion and music of that wonderful people the ancient Greeks, with our early Christian worship and its musical beginnings.—Child Life Magazine.

Tomorrow Never Comes

You often hear a man say, "I'll better tomorrow," but when tomorrow comes he does about the same. Atchison Globe.

The Daily Cross Word Puzzle

By RICHARD H. TINGLEY

Horizontal 12 is really a French word, or rather we have borrowed it from France. The ladies, however, will all know what it means well enough, French or no French.

Horizontal

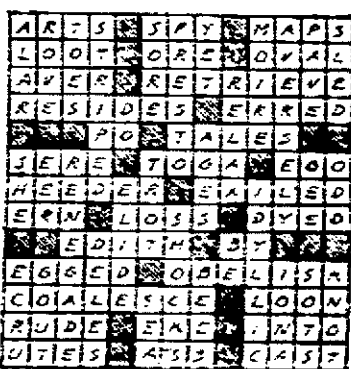

- 1—To be indebted
- 4—Withers
- 9—Lowest
- 12—Beaded lace trimming for ladies' dresses
- 15—Out of
- 16—Lively dance
- 17—A German republic
- 18—Mark made by passing wheels
- 19—Young goat
- 20—Ardently loves
- 23—Restrains
- 24—Condensed moisture
- 27—Assigned a time to an event
- 28—Occupied a chair
- 30—Four
- 31—The number of the digits
- 32—Six
- 33—Contraction of the facial muscles
- 35—Thrashes
- 37—Swamp
- 38—Placed on the list for nomination
- 40—Resonant
- 42—Code signal for assistance
- 43—Perch or pole
- 44—Sagacious
- 47—Activity
- 48—Father
- 50—Consisting of a vast number
- 53—Simian
- 54—Demolished (var.)
- 55—Of some neuter thing

Vertical

- 15—Quarrel
- 20—Entrances to a mine
- 21—Satan
- 22—Satisfied
- 23—Depressions
- 24—To prey upon
- 25—To be sparing
- 28—Beverage
- 34—Chessman
- 35—To incite into activity
- 36—Base
- 37—Passing fancy
- 39—To solicit custom (col.)
- 41—12 M
- 44—Female nurse in Oriental countries (var.)
- 45—To take the evening meal
- 46—Greek letter
- 47—Suffix: "relating to"
- 48—Place
- 49—Dolt
- 51—Ourselves
- 52—One one hundredth (decimal in front)

Solution will appear tomorrow.

Solution of preceding puzzle.

OSTYAKS STILL PRIMITIVE RACE

Medieval Customs Practiced
by Strange People in
Siberian Province.

Washington.—For North radio operators report reception of station AY-ers from the "Ostyaks" in the "Siberian" province, Siberia, station AY's "program" is recorded, even if the less imaginative might merely call it "inference."

"Berzov" is an isolated town of wooden huts, native dugouts, and 2,000 inhabitants on the Berzov river about 200 miles east of the Ural mountains and about as far south of the Arctic circle as the southern coast of Iceland," says a bulletin from the Washington headquarters of the National Geographic society. "Tobolsk, the nearest sizable town, and Seltkovo, the nearest station of the Trans-Siberian railway, are about 400 miles south of the village."

Land of the Ostyaks.—While many Russians inhabit Berzov it is in the land of the Ostyaks, a race whose long heads, thick lips, round faces, protruding cheek bones, dark narrow eyes, smooth black hair, and yellow-gray skin, are in sharp contrast to the features of their European neighbors just across the Ural range.

The Ostyaks are divided into small

clans, each clan usually representing a family. In the winter they remain in and near the villages, but summer time finds them in the fields in their tents of birch bark and deerhide.

Few of the clansmen can read or write and figures are almost unknown to them. The ostyaks on a stick are to the Ostyaks what the beads on a counting board are to a Chinaman. A tribesman is measured by the distance between the finger tips of outstretched arms. Time is measured by the interval it takes for a pot of a certain size to boil.

Medicine men and pagan priests held sway over the Ostyaks before the Russians conquered them. Now many are Christians (Russian orthodox) and Muslims. However, the clansmen still retain some of their old customs. In many of the huts clay images, carved out of wood and gaily painted, are still to be seen. Blood-letting is still a favorite cure-all and some clans insist that their children smoke tobacco to prevent nose throats and lung infections.

The bear has always been held sacred by the Ostyaks. When they kill one, the clansmen apologize to the carcass for several days. They insist the blame for taking the bear's life is not theirs, but the Russians who sold them the guns. To swear "by the jawbone of a bear" is as sacred as swearing on the Bible in a Christian country. For three years after the death of a clansman an image of the deceased is dressed and undressed, set up to the table, and put to bed as if a living thing. Then it is buried with the remains.

Once Well Organized Race.—"Good Ostyaks" wives are luxuries,

and the clansmen often have more than one. An ardent woman might pay ten for a pet and a hard of deer for the girl of his choice. If he is not a matrimonial diplomat, he takes a professional go-between to bargain with the prospective bride's parents. After the ceremony, the bride settles down to her job of taking care of the home, and the reindeer herd too, if her husband is fortunate enough to have one. In her spare time she makes fine embroidery on linen, made of flax and hemp which she raises. Some of the men are skilled in wood and bone carving.

Ostyaks seldom grow taller than 5 feet 4 inches. In the winter the numerous layers of deerhide clothing make them nearly as broad as they are tall. The reindeer is not only the chief source of clothing but also the chief means of transportation. And raw reindeer meat is one of their principal foods. Corn meal boiled with fishbones and extracts of fish soaked in oil are Ostyak delicacies.

Old forts in the Berzov region recall the days when the Ostyaks were a well organized race that for many years saved off Russian aggression in western Siberia. Since they were conquered the race has disintegrated and through trade and intermarriage with the Russians, their language is rapidly disappearing.

In a Nutshell

Wise are we if we do not allow any one thing, little or big, or still bigger, to disappoint or to cloud or sour our lives and thereby to neutralize our energies, or even our hopes or our ambitions.

CREEK LOCKS.

Creek Locks, Nov. 17.—Mrs. George Eri and Mrs. D. DuVal spent one day recently with Mrs. Pauline Frank of Tillson.

Miss Agnes McGrath of Brooklyn is spending a few days with Mrs. Mary Conant.

The International Bible students held a very interesting meeting at the home of Mr. and Mrs. Alonzo Sager, 22 were in attendance. Commencing Sunday, November 13 at 5 p. m., and every Sunday thereafter, there will be a chart study and songs. Everybody welcome.

Mrs. William Slattery of Brooklyn, a former resident of this place, has bought a piece of property in Blue Mountains.

Mrs. Marge Porter has installed a pipeless furnace in her home.

That provide for every type. Great huge Collars of Fur and in many cases Furs are applied around the Flaring hem, approved winter shades, such as Franciscan, New Tan, Sandor, Continental, Shagbark and Black.

ROYALTY TURNS OUT FOR WEDDING OF PRINCESS

First photos of marriage of Princess Anne of France, daughter of the Duc de Guise, pretender to the French throne, and the Duke of Apulia, son of the Duke of Aosta, at Naples, Italy. European royalty was strongly represented at one of the most brilliant and colorful ceremonies in years. Upper photo shows the Duke and his bride in the wedding procession. Lower photo shows the guests leaving the Church of St. Francois of Paula.

MARLBOROUGH

Marlborough, Nov. 17.—Miss Margaret McMullen of New York spent the week end at the home of her aunt, Mrs. M. Flannery.

Theresa Hannigan spent Tuesday at the home of Miss Kathryn Walsh of Newburgh.

Sylvanus Cassides has been appointed manager of the Grand Union store here.

Miss O. B. DuBois is spending two weeks with her father, George DuBois, of Esopus.

Sisters M. Bernice and M. Joseph of Ladycliff Academy, spent a few days last week at the home of Miss Marcella McCourt.

Frank Johnston has purchased a new Peerless sedan.

W. S. Wright has had a radio receiver placed in his home.

At the regular monthly meeting of the C. D. of A., Monday evening, after the business had been transacted a social hour was enjoyed.

Games and music were enjoyed and delicious refreshments served by the hostess. Those in charge were Mrs. John Conn, Jr., Mrs. John Cooney, Mrs. Frank Hannigan, Mrs. Ella Gallagher and Mrs. P. J. F. Gallagher. There were about 40 of the local members present and six from Court Patricia of Newburgh.

Mrs. M. J. Dwyer, district deputy of Newburgh, was the guest of honor.

William Plank spent the week end in New York city.

Mrs. C. A. Dunn and Mr. and Mrs. Fred Dunn spent Sunday with friends in Poughkeepsie.

The Rev. Mr. Clearwater of Newburgh preached in the Presbyterian Church Sunday morning.

Herbert Schoonmaker is visiting his daughter in Bloomington.

Mrs. Peter Vento and two children of Newburgh are visiting her grandmother, Mrs. Alonzo Kniffen.

Mr. and Mrs. Jonas Stevens of New York city are visiting their daughter here.

Cyril Hutchins has returned home after a visit of several weeks in New York city.

James Frazer and Roy Davis have returned from a hunting trip in the Adirondacks.

Mr. and Mrs. P. Gilchrist and son have moved to Newburgh where Mr. Gilchrist recently purchased a new home on Powell avenue.

The Young People's Club will hold a meeting on Friday evening.

The Miss Hattie and Minnie Wygant have closed their summer home on Hudson street and gone to Newburgh for the winter. Leonard Wygant, who has been spending several months with them, returned to his home in Brooklyn.

Alfred Coy underwent an examination in St. Luke's Hospital in Newburgh last week for stomach trouble.

Mr. and Mrs. Fred Fowler spent Sunday with friends in New York city.

Louis Minard of Poughkeepsie spent some time recently with his mother here.

Mr. and Mrs. Thomas Newell entertained friends from Newburgh Tuesday evening.

Mr. and Mrs. Frank Sands spent Sunday with their nephew and wife.

Mr. and Mrs. Frank Smith, of Poughkeepsie.

Fred Froemel is driving a new Buick car.

RED CROSS WORKERS IN TOWN OF WAWARISING

The following have been appointed Red Cross workers to solicit members in the annual roll call in the town of Wawarsing, Ellenville included: The Rev. T. H. E. Richards, chairman; Mrs. Boyce Ter Bush, Mrs. S. Maxwell Taylor, Mrs. Ernest Sherman, Mrs. Philip Silverman, Mrs. Earl Porter, Mrs. Albert O'Neill, Mrs. Fred Lyons, Miss Katherine Shuter, Miss Anne Shaffer, Miss Mildred White, Miss Nellie Denman, Miss Rachelle Balotin, Miss Elsa Kohlhepp, Miss Lillian Taylor,

QUALITY AT LOW COST

Use New Plates On December 27

Auto License Plates for 1928 May be Placed on Cops on That Date—Motorists Urged to Get Their Plates Early.

Albany, N. Y., Nov. 15.—Many motorists have availed themselves of the facilities provided this year for the renewal of automobile registration for 1928. The new plates were placed on sale throughout the state this week, and the offices of the Motor Vehicle Bureau and various county clerks report a brisk demand. Car owners who have been annoyed heretofore by standing in line waiting for an opportunity to secure credentials for the following year, express surprise that so little time is required this year. With an application filled out and with proof of ownership at hand not more than two minutes are consumed in registering a car.

This is the best season to register automobiles for 1928. In the rush of the last days of the year there will be no means of avoiding discomfort and delay.

"If automobile owners will cooperate," Charles A. Harnett, commissioner of motor vehicles, said today, "there will be no difficulty in getting license plates this year. There is a period of more than six weeks in which tags may be obtained, and ample accommodations assure good service, if motorists will make application before the last minute. There are more than 2,300,000 car owners in this state and it would be impossible to serve them all at one time. This is the reason for the early sale of number plates, which may be placed on cars December 27, five days before the beginning of the new year."

To register a car the applicant should present the renewal stub of the 1927 certificate or a bill of sale to insure identification. Automobiles, unless without disregard for authority, cannot be operated on the highways of the state after January 1 unless they are fitted with the new black and orange tags.

Music and Work

Music is said to increase efficiency in work, and we all know that the mosquito does his best work to the accompaniment of song.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified, creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

Uncommon Sense

By John Blake

GOLD RUSHES

IT HAS been a long time since the world has witnessed such a gold rush as that which took thousands of people to the Klondike, most of them to return broken in health, or poverty stricken.

But gold rushes of various kinds follow every reported story of the get-rich-quick variety.

Not long ago a young man, who had never been heard of before, swam the Santa Catalina channel, off southern California.

For the swim he got a prize of \$25,000, and because of the celebrity he earned he was able to make \$1,000 a day by exhibiting himself for some weeks afterward.

The prize was offered for just one swim for the first successful effort to master the channel.

Shortly after this channel feat, a prominent American baseball player was signed to play with a ball team for a salary as great as that which is paid President Coolidge.

That will set more boys to trying to be ball players, and take them from useful work, for which they are fitted.

The very fact that a great prize was offered for swimming the Santa Catalina channel is proof that only a very few people, possessing singular endurance, can accomplish such a feat.

The combination of strength, quickness of eye and co-ordination which make a remarkable baseball player is rare. It is a gift which nature has bestowed upon him.

To seek to emulate such qualities is worse than useless.

As well seek to emulate the circus giant or the human skeleton.

To the average person success of any sort means slow, patient effort, abundance of hard work and determination.

But these are tedious and laborious. It looks so much easier to swim a channel or to play remarkable baseball, or to achieve distinction by some unusual way, that every time athletic celebrities are spoken of in the paper, great numbers of people begin to seek their laurels.

People differ in brain quality, but most of them can be more successful and more useful than they are if they will try to improve by ways which are perfectly possible.

As long as they join every gold rush they will always face disappointment, always nurse a grievance, because somebody else seems to be luckier than they.

It is lucky, of course, to be born with some unusual quality, but success can be secured without that kind of luck, and is constantly secured by people who never join a gold rush.

VICKS VAPORUB

OFFICE CAT

By Junius

Some married men never know when they are well off because they never ask.

Don't be a fool because you can't be a star.

Padre: "Do you take this woman for better or for worse?"

Bride: "Oh, never alone. I never saw a priest."

A closed mouth shuts out trouble.

A man named Dodgin was recently appointed foreman, but his name was not known to all the men under him.

One day while on his run he came across two men sitting in a corner smoking and stopped near them.

"Who are you?" asked one of them.

"I'm Dodgin, the new foreman," he replied.

"So are we. Sit down and have a smoke."

A pants hanger is a metal arrangement that hangs in the clothes closet while the owner's trousers repose in a heap on the bedroom floor.

"Well," remarked a married man after examining his friend's new hat, "I wish I could afford a place like this."

"Yes," said his friend, "you married men may have better halves, but we bachelors usually have better quarters."

Suited Only to Men of Leisure. If you an auto should acquire, That is far past its prime, You'll need not only a spare tire, But also much spare time.

A woman was crossing a busy street when a large Alsatian hound dashed into her and knocked her over. Next instant a driver car skidded into her and inflicted several bruises. When she was assisted to her feet by the alarmed bystanders someone asked her if the dog had hurt her.

"Not exactly," responded the breathless victim; "it was the tin can tied to his tail that did most of the damage."

Work is drudgery when done solely for the money one expects to get out of it.

A tragedy in one act— The two faces were close together, the man's grim, tense; the other face was small and white, with two slender hands pressed tightly against it. It was those frail hands that riveted the man's horrified gaze: "My God!" he said, still staring; and in his voice was hopeless stark tragedy. For that other face was the face of his watch, and those little hands told him that he had missed the last train home.

The Only War. If you wish to live a private life, And really hope to do so, Depart from civilization's strife And live like Robinson Crusoe.

There are still too many folks down on the farm and up on the city.

A wife is a person who buys cigars to match the color of her husband's mustache.

Tools Found in Africa

May Antedate Ice Age

The prehistoric tools of the old Stone Age, which were found for thousands of years in the vast valleys of the Nile during the glacial period, and which were found before that great ice age, have been found to be older than the tools of the last ice age, and make their origin more than 100,000 years old.

This is supposed to be very ancient implements, and it is in that continent by an African archæological expedition.

The stone tools and weapons newly found are believed to have been made and used by their owners even before the last ice age, during all the half million years of time since then they have been found in the gravel deposits where they have now been found.

Africa was too far south to be reached by the glaciers of the ice age, it is observed, but the climate at that time seems to have been cooler and more rainy than now. It was before this rainy period, it is said, that the makers of these tools had lived.

During the ice age, and even before the beginning, most of the old Stone Age are known to have traveled Europe, from which they retreated again as the ice sheet advanced. While these men of the glacial period came from Asia, it is always a mystery, some scientific men believing Asia as their probable home and others in favor of Africa.

Oath Taken Seriously

by Orthodox Moslems

Sweating in Turkey is no slight matter. When a Turk breaks an oath he has made in the name of Allah, the traditional explanation is a long and costly affair. If the oath breaker is wealthy—that is, if he has visible means of support for a year—he must give bread to fifteen widows, sacrifice a fat sheep to be given to the poor, and he himself must fast for seven days and seven nights.

When a poorer sinner breaks his oath he must fast for the same length of time, but instead of the gifts

that the makers of these tools had lived.

of bread and mutton he must take a

long stick, break it into three pieces over his head or over the head of the person involved in the broken oath, and then throw the broken pieces out of the window.

The stick is supposed to absorb the curse expounded by taking the name of Allah in vain, and with the throwing out of the sticks the sinner feels himself absolved.

Plant Grows Extensively

The plant known as traveler's joy is a Clematis situation. It is the only species native of Great Britain, where it is common in the south, but becomes rarer toward the north and is scarcely found in Scotland. About 20 species are indigenous to North America and of these Clematis virginiana, or virgin-blower, is very widely distributed.

Syracuse Plans For Elimination

Voters Approved General Plan to Free Streets of Railroad Tracks—Plan Calls for Elevation of West Shore Route.

Syracuse, N. Y., Nov. 18 (AP).—Behind the scenes in the Syracuse city hall, the executive and legislative machinery of the municipality is beginning to grind slowly to carry out the mandate of the people at the recent election that Syracuse no longer shall be "the city where the trains run through the streets."

Adoption of a referendum calling for elimination of grade crossings through elevation of the main line tracks of the New York Central Railroad has left the city administration free to work out the first plan in a half century that bids fair to go through to completion. Ever since the city was a village, people have discussed and argued how to get rid of the tracks through the main streets, but not until this fall have they formally approved a single plan.

The vote on the referendum question was merely an expression of public will, and there yet remains the legislation necessary for the step. Plans are progressing with such speed, however, that Mayor Hanna, re-elected at the recent election, has announced that he expects "dirt to be flying" along the new

right of way of the railroad by next spring.

The first step in elimination of the tracks at grade is to be approval of an ordinance which already has been introduced in the common council. The ordinance gives formal approval to the elimination plan. When it has been passed by the council, a move will be made to the city grade crossing commission for its approval.

This will be forthcoming in view of the commission's original suggestion that elevation over the West Shore route, a few blocks north of the present route, be adopted. The final step will be to take the proposal before the State Public Service Commission, the approval of which also is assured.

Meanwhile the city administration is going over preliminary plans for removal of the tracks with the New York Central Railroad, which through President P. E. Crowley has given consent to elevation over the West Shore route. Mayor Hanna has taken trips to places in which elevation of main line railroads has been effected or is in progress, and in the time the necessary legislative approval has been obtained here, he will have in his possession the most feasible plans for such elevation.

While the city is busy with the city and railroad details, the elevated road will have been completed, and the present tracks along Washington, or "Railroad" street, as it is known locally, will have been removed.

A man is as old as he feels and a woman isn't as old as other women say she is.

The Rev. Fred Hulse and family were Kingston visitors Wednesday.
Marjorie Davis visited her friend, C. Gridley, of Shady, over the week end.
Mr. and Mrs. Charles Hogan, F. W. Herrick, Mr. and Mrs. Harry Klotke of Kingston made a very nice trip to Congers last Sunday and spent the day with Mrs. Hogan's sister, Mrs. Gus Klotke.
George Barkley and daughter, Olive, and Willie Brooks have returned from a business trip to Maine with the annual shipments of Christmas holiday greens and decorations.
M. A. Haver of the Lake View has completed a fine concrete floor.
W. Terwilliger returned Wednesday from a short stay in New York.
Clinton Nethaway of Schoharie in company with his grandson, Clinton D. Nethaway, and wife visited Mr. and Mrs. E. R. Kinney who also accompanied them to Shohola Falls, Pa., returning Monday. They visited the Napanoch institution and the Middletown hospital.
L. Lifshitz of the General store returned Thursday from a business trip to New York and a visit with a son in Mineola, L. I.
Mrs. George Whittle is about again after a severe illness.

DRY BROOK.

Dry Brook, Nov. 17.—Mr. and Mrs. Nelson Fairbairn of Arkville were guests of Grover Kittle Sunday.

Mrs. O. A. Todd spent some time with her daughter, Mrs. Raymond Stewart, in Brooklyn.

The town auditing board met at Town Clerk Verner Marks's Thursday and Friday of last week.

Orson Haynes is having his house and outbuildings lighted by electricity using Delco system.

John Hopkins is building quite an addition to his hen house.

The telephone line which has been out of commission for some time has been repaired and is now in working order.

Raymond George had the misfortune to nearly sever one of his toes while splitting wood for Miss R. C. Kelley.

Harold Fairbairn is suffering with erysipelas in one of his hands.

Mr. and Mrs. G. Harley of Hoboken spent the week end at Maunie McCann's.

Mrs. William Packard and son and Mrs. Harold McDonald and two children of Sidney were week-end guests of Mrs. Grover Kittle.

Gerald Hansen has been using his wood outfit to cut wood for his neighbors.

Mr. Wrenokicks has been sawing wood with his machine at Myron Todd's.

Mr. and Mrs. Raymond Stewart of Brooklyn were guests of Mrs. Todd's parents over the week end. Mr. Stewart returned home Sunday.

Mrs. Stewart and son, James, will remain for a short time.

Henry Ross of this place and Le Moore Stewart of Turnwood each shot a bear one day last week.

George Lambert, Jr., of Turnwood shot an old bear and two cubs one day last week.

Reward for Bravery

The bureau of Indian affairs says that the wearing of a feather by Indians means bravery and there are three grades of bravery, which are denoted by the position of the feather.

MOOTHEST SIX IN AMERICA

NINE GREAT FEATURES UNMATCHED BY ANY CAR UP TO

Read that headline again. It is not an empty claim but a proved and provable FACT!

The world already knows that Dodge Brothers new Six is a car of striking brilliance and beauty—adding impressive laurels to Dodge Brothers world-wide reputation for building well.

Yet only after a careful check-up, point by point, will you realize the full and sweeping scope of Senior superiority—not alone over cars in its own price class but MANY HUNDREDS OF DOLLARS BEYOND.

Nine vital points of superiority over all cars selling up to \$2,500!

The statement would seem incredible were it not so readily verified—so utterly beyond dispute or refutation.

NATION WATCHES AS REMUS TRIAL GETS UNDER WAY

Principals in trial of "King of Bootleggers," now in progress at Cincinnati, O., which has attracted interest all over United States: Upper left, George Remus, alleged head of liquor ring, accused of slaying his wife, Mrs. Imogene Holmes Remus (upper center). At right, top: Charles Taft, son of ex-President William Howard Taft, who is conducting the prosecution; center, Mrs. Marla Remus, mother of "King of Bootleggers"; lower, Judge Chester R. Shook, who is presiding over trial. Left lower: Romola Remus, daughter, and (lower center) Ruth Holmes Remus, stepdaughter of man standing trial for his life. (International Newsreel and International Illustrated News)

Chile's Nitrate Mines

American methods are being used in Chile to demonstrate to the natives that 90 per cent of the nitrate contained in caliche, a form of rock, can be recovered. Under the old hand mining method, 15 to 25 per cent was left in the ground and only 65 per cent of the rest was marketable.

Ostrich Fast Runner

A full-grown male ostrich stands some 8 feet high from the crown of his head to the ground and weighs about 300 pounds. Its speed, when running "all out" is said to attain 26 miles an hour. At such times it is generally believed to derive no small help from its wings, used as sails.

Closest to Jerusalem

Writing of the architecture of the synagogue, W. G. Tachau says, "The Holy of Holies, originally designed as the space for the Ark of the Covenant, is always raised above the floor level and is placed against or in the wall that lies nearest to Jerusalem."

Washington Has Police

of Almost Every Brand
Washington.—The visitor who is inclined to be cynical about his home town police force may find himself after visiting Washington, situated with something like an inferiority complex.
In addition to the metropolitan police force, the national capital has about a dozen others. There are federal park police, White House police, capital police and separate units of police for various government departments.
There are also Department of Justice agents, prohibition agents and agents of the secret services of the Treasury and Post Office departments. And each of the various military posts in and near the city has its own police, while an organization of church members has just been formed to gather material on liquor law violations for submission to the metropolitan force.

Radio Has a Coat of Arms

The B. B. C. (British Broadcasting company), which has a monopoly of radio broadcasting in Great Britain, has decided that it ought to have a coat of arms, and Garter King at Arms has allotted to it, by way of a crest, the design of a lion playing with a thunderbolt.—London Opinion.

Overcoats! Overcoats! Overcoats!

CONSTIPATION CAUSES UGLY SKINSGet prompt, safe relief with
Kellogg's ALL-BRAN

Pimples, blotches, circles under the eyes—are all outward signs of the inward havoc this scourge plays. Constipation saps strength, weakens health and causes many serious diseases. Guard against it. Do not let it drag you down to suffering and pain.

Kellogg's ALL-BRAN is guaranteed to relieve constipation safely and promptly. Eat two tablespoons daily—in chronic cases, with every meal. Kellogg's is 100% bran—100% effective! That's why doctors recommend it.

Delicious with milk or cream—and add fruits or honey for an extra treat. Mix it with other cereals, with soups. Try the recipes on every package. Made by Kellogg in Battle Creek. Served at hotels, restaurants. Sold by all grocers. Come ready to eat.

True it is early to buy the ready made gifts that anyone may buy. But it is just time to prepare for that most personal of all gifts—your photograph.

A sitting now solves your most trying gift problem and gives ample time for careful workmanship.

WOMAN MAKES FORTUNE IN OIL
Began as Real Estate Operator Then Started Drilling.

Wichita, Falls, Texas.—One of the few women oil operators in the country, Mrs. Mabel Rowan of Wichita Falls, also is a successful real estate operator.

Beginning as a real estate broker in Fort Worth, Texas, several years ago, Mrs. Rowan entered the oil business in the natural course of affairs. Among the properties listed with her for sale was a large block of acreage in Reeves county. That was in the days before that section of Texas became oil-producing land.

Drills Own Wells.

She acquired a large block of the Reeves county land for herself, subdivided and sold it for farming land. About the time she was ready to place the land on the market, the first oil well in that section "came in." As a result oil leases on Mrs. Rowan's land were sought by large oil companies. It was not long before she formed her own company and started drilling wells.

She went out in the oil fields, dealt with hard-boiled drilling crews, pipelayers and others, and directed her work personally. Donning overalls, she climbed derricks and sometimes assisted in pulling casing.

Not long ago she made a "location" for an oil well in Texas. The territory was "condemned" by geologists, but Mrs. Rowan's well proved to be a producer.

Real Estate Investor.

Recently she invested a large part of her money in Fort Worth real estate. One lot for which she paid \$20,000 brought her an offer of \$110,000 a few weeks later.

Despite her achievements, Mrs. Rowan is still unsatisfied.

"I am working every day and sometimes nights," she says, "and expect to be doing the same thing for several years before I call myself a success."

Norway Now Grants Divorce for 25 Cents

Oslo, Norway.—Oslo has a claim to fame not very widely known. It is the greatest unexploited divorce mill in the world.

The Norwegian divorce law is simple, conclusive and profound. If a man and wife don't get along and agree to separate, that's all there is to it. Divorce in Oslo, if you go about it right, needs no lawyers, no red tape and no fuss—and costs 25 cents.

A man and his wife appear before the "stiftsamman"—that is to say, the civil representatives of the crown.

They pay their kronen—a quarter—and explain that it is difficult, or impossible, or unwise, as the case may be, to continue marriage. The stiftsamman smiles paternally, tells them

to think it over for a fortnight, and then return. They wait the two weeks and come back. They are then granted a separation decree which may be operative, according to circumstances, for either one or two years. At the end of this period—during which wife and husband must live apart—divorce becomes absolute.

One-Hand Clock Been That Way 376 Years

Castletown, Isle of Man.—A one-handed clock in the tower of Rushden castle has been that way for 376 years and does not seem to notice it.

For some reason the castle, which was once the ancient seat of kings and has written references dating to 1207, never bothered to equip the clock.

The clock is driven by a rope wound many times around a wooden cylinder with a stone at the end of the rope. The weight on the pendulum is another large stone.

French Claim Many of "Biggest" Things

Paris.—France really leads in many things, says a newspaper writer, who, like many Frenchmen, rather smugly under the endless list of things—"the biggest in the world"—that are from time to time reported as existing in the United States.

Here are some of the things claimed for France as being the "biggest" in the world:

Tour Eiffel, the highest structure.

The Caraby viaduct, the biggest metal viaduct.

Lille de France, 42,000 tons, the biggest steamer built since the war.

The Saint Pierre de Vauray bridge, the biggest reinforced concrete bridge.

The fastest electric train, running from Paris to Vierzon, Le Bourget, the biggest airfield.

The biggest aviation hangars, at Orly.

The Canal de Roe, the biggest underground canal.

The 1,000,000,000 candle-power searchlight at Mount Valerien.

The 50,000-kilowatt alternating current generators, at Gennevilliers.

INDEPENDENCE

By DOUGLAS MALLOCH

WE USED to dream of happy days,
The lands to see, the wings to fly—
And then so suddenly we grew
So busy in so many ways
That slipped away before we knew.

So many things our hearts expressed,
So much of toil, so many cares,
To build the house, to sweep the stairs—
Returning tasks with day returned
And life slipped by us unaware.

But now we dream of other years,
Of later years, of quiet age—
Alas we see the final page—
And yet how fair that page appears,
No more concerned with work or wage.

For now we put a little by
So when we weary we may rest;
And though the sun is in the west,
We still are dreaming, she and I,
And often think this dream the best—

Of days when we may take our time,
Together face the fading light,
And have a little fire at night,
A cottage where the roses climb,
When limbs grow weary, temples white.

And none shall say, "They're very old,"
And none shall say, "They're quite a care."
We've saved a little here and there,
And just as high our heads we'll hold
As in the days when days were fair.
(© By McClure Newspaper Syndicate.)

SAWS

By Viola Brothers Shore

FOR THE GOOSE—

BEING free with your klan is like
goin' in the automat and puttin'
a nickel in the slot marked "Coca-Cola"
without first gettin' yourself a cup.

A woman always changes her mind.
A fool never.

A theater ain't the only place where
you oughta be sure and spot your exit
first.

The more sickle a dame is about
her opinion of others, the more con-
stant she generally is about her opin-
ion of herself.

FOR THE GANDER—

The people that raves about your
house ain't gonna rent it. Paiste your
hopes on the couple that starts pickin'
on the condition of the plumbin'.

There's no livin' if you're gonna try
and have everybody satisfied with
you; or if you ain't gonna try and be
satisfied with yourself.

Talk about your friends' good points
as if they was your own; about their
fallin's as if you was gonna be held
responsible for 'em.
(Copyright.)

How It Started

By JEAN NEWTON

"OUT OF DEBT, OUT OF DANGER"

HERE is a rather platitudinous
little saying which would seem,
to the user of trite phrases, to have
been coined perhaps by some one in
a witty mood and to have lived be-
cause of its aptness and the "catchi-
ness" of its alliteration.

The fact is, however, that "Out of
debt, out of danger," is found to be
several hundred years old, having had
an auspicious beginning in English
literature:

"But they much more marvel and
detest the madness of them whyche
to those riche men in whose debt and
danger they be not, do give almost
divine honours, for none other con-
sideration but because they be riche."
And Shakespeare, in the "Merchant
of Venice," makes use of the expres-
sion in only slightly different form
from our modern phrase when he
speaks of a debtor being "within the
danger of his creditor."

NEW PALTZ

New York, Nov. 12.—Alice C. Thompson and Edna Entwistle of the Normal spent the week-end at their homes in Wappingers Falls. J. Allhusen of New Palitz joined Etta Kappa No. Cornell.

Mrs. Teresa DeBois has been spending a week with Mr. and Mrs. William Hasbrouck and family in Newburgh.

Mr. and Mrs. Warren Tamney were Kingston visitors on Wednesday.

The home of Mr. and Mrs. Edmund Eltinge and sisters is being roofed. The former roof was on since the house was built nearly one hundred years ago.

Mrs. John McGrath and son and Mrs. Abner Kniffen visited Mrs. Jacob Clearwater on Tuesday.

The first car of coal went into the new coal silo at Abram P. LeFevre & Son's coal yard on Friday.

Mrs. Walter Shipman and daughter, Barbara, have been spending a few days with Mrs. Shipman's parents, Mr. and Mrs. Perry Day.

Mrs. Lanetta Bullois returned to New York Friday.

Mrs. Harcourt Pratt entertained several New Palitz people at the library card party in Highland Saturday afternoon.

The Christian Endeavor of the Reformed Church held its monthly supper and business meeting last Thursday night.

Mrs. Perry Day entertained several friends at lunch last Tuesday in honor of her daughter, Mrs. Walter Shipman, of New York.

Miss Caroline Stahl and friend from Smith College spent the week-end with Miss Stahl's mother, Mrs. Mary Stahl.

Mr. and Mrs. Kenneth Snyder entertained several friends at a supper party Monday night.

An exhibit of articles made and imported by the people of Greenwich Village took place in the Normal Wednesday and Thursday of last week. It was conducted by Mrs. Stockbridge, a representative from the village, under the auspices of George A. Moore of Newburgh.

Miss MacFarlane and Miss Clark went to the premiere performance of "Vielanta" and the revival of "Hansel and Gretel."

Mr. and Mrs. Joseph E. Hasbrouck, Sr., left last week to spend the winter at their southern home in Fort Lauderdale, Fla.

C. Mathiesen spent last week end with his family at Moderna Inn re- turning to New York on Tuesday.

The Rev. Edward Miner of the Reformed Church completed the pulpit of the Gardiner Reformed Church Sunday.

A number of New Palitz people were in Kingston Wednesday.

The annual Dutch Guild fair and supper and entertainment was given in the Reformed Church parlors Thursday, November 17.

The Misses Mildred and Lulu Wright entertained the Standard Bearers Society Friday afternoon.

Mrs. Arthur Ingham and children accompanied her sister, Mrs. Van Keuren, and little daughter of the Riffon road to Kingston Wednesday.

The basket ball season has opened at the Normal. Freshmen, Juniors and Seniors have turned out for practice in such a way that the season looks as if it will be an exciting one in inter-class games. The first game of the season took place in the gym Friday, November 11. The New Palitz Varsity boys played Millbrook.

On November 15 the Arts and Crafts Club of the Normal gave a Japanese tea in the art room. Japanese articles were on sale and the room was attractively decorated for the affair.

The earliest supposed specimen of a British royal letter is a short note from Henry V to the bishop of Durham, February 10, 1418.

For use on ships and dining cars an Italian has patented a table on which dishes are held by springs to prevent them rattling.

Sometimes the man who claims he is as good as his word suddenly becomes speechless.—Farm and Fireside.

People who have personality, who are interesting, are first of all interested.—Woman's Home Companion.

Easiest to Start in cold weather

When Zero is the forecast, you'll be glad you bought a Nash.

For even though you keep a Nash in an unheated garage, here's one car that starts immediately, and then warms up to smooth operating efficiency in no time at all.

Nash has a big heavy-duty starter, an improved carburetor with automatic heat control and then thermostatic control of the water circulation which combine to produce almost magical results when you press the starter.

Nash is a great cold weather car in other ways, too. The big, 2-way, 4-wheel brakes of Nash surround

you with safety over every imaginable condition underfoot.

The Nash crankcase ventilator keeps the car's interior absolutely free of engine fumes, and at the same time prevents the usual cold-weather dilution of lubricating oil.

And the great Nash 7-bearing motor, now newly refined, is smooth and quiet every day in the year.

This is the best time in the year to trade your present car on a new Nash. Come in and let us show you how much more enjoyable winter and winter driving can be when you drive a Nash.

Van Deusen, deceased, or in any fund now in the hands of the administratrix with the will annexed of the said decedent, and who are interested absolutely or contingently either by operation of law or by the terms of the last Will and Testament of the said decedent, and of the codicils thereto to the Will annexed, and to the heirs at law, devisees, legatees, next of kin or otherwise, and to the heirs, devisees, legatees, executors, administrators, legal representatives and assigns of any of the persons above named who may have died, and to the Surety on the bond of the said Eleanor Crosby Van Deusen, such administratrix with the Will annexed of the said decedent, and to all creditors or persons claiming to be creditors, legatees or creditors of the said Jacob H. Van Deusen, deceased.

SEND GREETING:

YOU AND EACH OF YOU are hereby notified to show cause at a Surrogate's Court, to be held in and for the County of Ulster, at the Surrogate's office in the City of

Kingston, in said county, on the 3rd day of January, 1928, at ten o'clock in the forenoon of that day why the account of proceedings of Eleanor C. Van Deusen, as administratrix with the Will annexed of Jacob H. Van Deusen, of the County of Kingston, County of Ulster and State of New York, should not be judicially settled and allowed upon the petition of the administratrix with the Will annexed, and why the said Eleanor C. Van Deusen, such administratrix with the Will annexed of the said decedent should not be released and discharged from further duty and obligation as such administratrix with the Will annexed, and the Surety upon her bond as such administratrix be released and forever discharged from further liability thereunder.

IN TESTIMONY WHEREOF, we have caused the seal of office of said Surrogate to be hereunto affixed. Witness Hon. George F. Kaufman, Surrogate, said County, at the City of Kingston, the 3rd day of November, in the year of our Lord, one thousand nine hundred and twenty-seven.

C. K. LOUGHRAN,

Clerk of the Surrogate's Court.

A. T. CLEARWATER,

Attorney for Administratrix with the Will annexed.

Ulster County Savings Bank Building,

Kingston, N. Y.

Notice is hereby given that sealed bids for reconducing the City Hall in accordance with the plans and specifications prepared by Myron S. Teller, Gerard W. Betts and George E. Lowe, Architects, will be received if filed with the City Clerk on or before 7 p. m. on November 29, 1927, and then publicly opened and read.

The right is reserved to reject any or all bids and to accept whichever bid may, in the judgment of the Common Council be most advantageous to the City, or to reject or to take any action relative thereto, to which may seem to them right and proper.

Each bid must be accompanied by a certified check for 2% of the amount of the bid, made payable to the Treasurer of the City of Kingston, N. Y. The checks of the unsuccessful bidders will be returned to them immediately upon the awarding of the contract, or on demand. In case of failure to sign the contract the certified check accompanying the bid accepted will be retained by the City of Kingston as liquidated damages for such failure.

The bidder whose proposal is accepted will be required to enter into a contract within five days thereafter, giving a Surety Company bond acceptable to the Common Council of the City of Kingston, N. Y., for an amount equal to the amount of the total of his bid. His certified check will be returned to him upon the signing of his contract.

Plans and specifications may be obtained at the office of the architects, Adams Building, Kingston, N. Y., on payment of \$25, which will be returned on receipt of the plans and specifications in good order.

Separate proposals covering the general contract and the plumbing, heating and water service must be made.

Dated, Kingston, N. Y., November 4, 1927.

A. A. FYLES,

City Clerk.

NOTICE TO PRESENT CLAIMS

AND BILLS.

All persons, corporations, and co-partners, ships, having claims or bills against the County of Ulster, are HEREBY NOTIFIED to present the same on or before the 19th day of November, 1927, by leaving them with, or mailing them to the Clerk of the Board of Supervisors at the County Court House, Kingston, N. Y.

Dated, Kingston, N. Y., October 31, 1927.

HENRY R. DE WITT,

Clerk of the Board of Supervisors.

Cuticura Treatment For Dandruff

Part the hair and gently rub in Cuticura Ointment until the whole scalp has been treated. Let the ointment remain on the scalp some time, over night if convenient. Then shampoo with a mild Cuticura Soap and warm water. (Do not rub soap on the scalp.) Rinse thoroughly. A light application of Cuticura Ointment to the scalp between shampoos is often beneficial.

See the Ointment in bottles. Tubes 25c. Soap 10c. Cuticura Soap and Ointment, 25c. Cuticura Soap and Ointment, 25c. Cuticura Soap and Ointment, 25c.

Yes and they gave such splendid service so now I just tell them to select the meat for me. It's always better than I could choose!

Club Federation Executives Meet

Dr. Day Tells Executive Committee That Sunday Movie Question Will Again Come Before Common Council—Other Matters Discussed.

The November meeting of the executive committee of the Kingston Federation of Women's Clubs, which was held at the Kingston City Library on Thursday afternoon, was a short meeting very well attended. In the absence of the president, Mrs. Edgar N. Pafen, who is attending the convention of the New York State Federation of Women's Clubs at Syracuse, the first vice-president, Mrs. Grover Lasher, presided. The only reports from the affiliated clubs were in regard to the coming Federation card party, each club having arranged to do its share in making the affair a success.

Ready for Xmas Seal Sale.

Dr. Day, chairman of the public health committee, announced that all was in readiness to launch the 1927 campaign for the sale of Tuberculosis Christmas Seals, and it is expected that the letters containing seals and information regarding tuberculosis and health work in Ulster county would be sent out the morning after Thanksgiving, November 25.

Miss Lucy Healy, chairman of the membership committee reported one member, Mrs. Clarence Hendricks, having joined the Twentieth Century Club, and therefore no longer being an individual member, also the loss of two Federation members, Mrs. W. C. Shafer by resignation and Miss Mary H. S. Ingraham by death. The resignation of Mrs. Shafer was accepted with regret. Suitable action on the death of Miss Ingraham will be reported at the next meeting. One new member, Mrs. Mattie Tobey, was accepted into the Federation. There are now 53 individual members, composing the public health committee.

Predicts Sunday Movie Question.

In the absence of Mrs. A. Ray Fowler, chairman of the moving picture committee, Dr. Day told of the promise of a fine new theatre showing the best of attractions at

the Orpheum, when completed, and stated that the question of Sunday movies would surely be again brought before the common council. Mrs. Reed, chairman of the good government committee, reported an increased registration on the part of women voters, especially foreign-born women voters, previous to the recent election. It was brought to light that foreign-born women count it a great privilege to vote, while American-born women are prone to ignore their responsibility in this matter.

Federation Card Party.

On Saturday afternoon, December 3, the Kingston Federation of Women's Clubs will hold a large card party at the Governor Clinton Hotel, for the purpose of raising funds with which to carry on the civic, social and philanthropic work of the organization. The report from Mrs. Cornelius Treadwell, chairman of the card party committee, was to the effect that the full quota of 75 tables of bridge had been arranged for. There will be a prize at each table and punch and cake will be served by the hotel management. The games will begin at 2:30 o'clock.

A Card Party.

A card party will be held by the Ahavath Israel Auxiliary Monday night, November 21, at 8 o'clock in the meeting rooms at the corner of Spring and White streets. Prizes will be awarded and refreshments served.

Junior C. D. of A. Meeting.

A general meeting of both troops of the Junior Catholic Daughters of America will be held this evening in St. Mary's School Hall at 8 o'clock. All members are requested to be in attendance.

New Aid for Deaf Scientific Marvel

Hearing Is Restored by a Wonderful New Invention Ten-day Free Trial Offer

An excellent example of the forward strides made by scientists in the acoustical field is the new and highly advanced hearing aid just brought out by the Phonograph Products Corporation, Dept. 268, 220 West 42nd Street, New York City. This instrument, which bears the name of the Silver Anniversary Model Acousticon, is distinguished by an earpiece no larger than a dime, through which sounds are transmitted, clearly and distinctly, to the subnormal ear. Those who are using this new instrument say that it has restored hearing for them and also contributed to their good health through the alleviation of nervous disorders due to deafness. The makers offer to send one of these wonderful hearing aids to anyone who may write for a free ten-day trial in their own home. Send them your name and address today! Adv.

Eleanor Gunn on Fashions

THE INEVITABLE SWEATER, AND SOME OF ITS NEW VARIATIONS

New York—Sweaters and tweeds are inseparable companions in the smart wardrobe this winter. Sweaters form a part of practically every type of informal daytime costume, if the choice of the Tuxedo colony is any criterion. They are equally approved by matrons and debutantes.

The two kinds of smartest sweaters are the softest types, cashmere and lambswool. They may be extremely simple, accented with a gaily colored scarf of some kind, or they may be patterned in any number of ways. The horizontal stripe continues to be the favored method of introducing color into sweaters, but shows a predilection for grouped border effects or for unexpected positions, such as yoke or epaulet.

The stripes may be twisted, zig-zag, or jagged of edge. They may be quite straight and rely on effective

Mrs. Cornelius Vanderbilt, at Hot Springs, wore a Costume of Slate Gray Jersey, the Jumper of which was banded with Three Jagged Rows of Darker Gray. Her Small Felt Hat Was Also Gray.

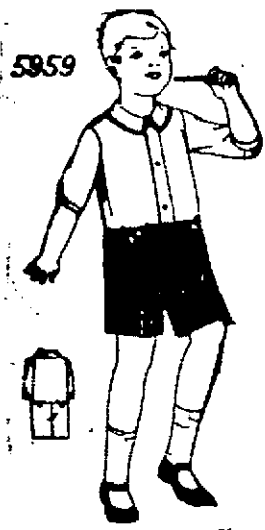

combination of colors for new appeal. Graduated stripes are highly favored just now.

Tweed knit sweaters have found for themselves a hearty welcome in the winter's mode, and the same can be said of heather mixtures.

Although the sweater that is closely harmonized in color with the skirt and cardigan or coat with which it is worn is seen in innumerable costumes, a newer note is possibly the sweater that is of a decidedly different tone or color, introducing the basic ensemble color in a stripe detail. Then too, there is the cardigan that contrasts with the costume, the most recent expression being the black sweater, edged with beige, to be worn with a natural cashmere outfit.

OUR DAILY PATTERN.

A Popular Suit Style for a Small Boy.

5959. One could make the entire suit of flannel, twill jersey or velveteen, or the blouse of Indian head or linen, and the trousers of cloth or velveteen.

The Pattern is cut in 3 sizes: 2, 4 and 6 years. To make the suit for a 4 year size will require 3/4 yard of 40 inch material for the blouse and 3/4 yard of 54 inch material for the trousers.

A pattern of this illustration mailed to any address on receipt of 12c in coin or stamps by the Pattern Department, The Freeman, Kingston, N. Y. Be sure to state the size wanted.

Fashion Break Notice.

Send 15c in coin or stamps to The Freeman for our up-to-date Fall and Winter 1927 Book of Fashions showing color plates, and containing 500 designs of ladies' dresses and children's patterns, a tonics and comprehensive article on dressmaking, also some points for the needle (illustrating 30 of the various simple stitches), all valuable hints to the home dressmaker.

French Designers Plan for Utility

Frocks for All-Around Wear Are Shown in Blacks and Dark Colors.

Just as Paris, when she is designing frocks, has to consider not only materials but also suitable for the different social demands of the season, but more and more these days and materials in relation to the inevitable drop in price to cover them, so must the woman shopper choose for herself gowns that are not too heavy in weight, too bulky in design for the discomfort in color with the coat she intends to wear over them. Having taken thought of these very essential restrictions, she is then ready to go on to the further limiting qualifications of what best meets her individual social needs.

Certain it is, writes a Paris fashion correspondent in the New York Times, that every woman must have her wardrobe on various day-and-day-out frocks for general utility wear, and for these no material is more sensible than crepe satin in black or a dark color. Chantal specializes on a fundamental design eminently practical in its simplicity and smartness for this type of frock. Its waist is slightly bloused at the low waistline and the skirt is rather tight about the hips, though flaring below into a graceful fullness most pronounced at the left side. The flare is used with the aid of many narrow-flared pleats or through the use of a shallow, circular dounce mounting in depth at the left. These little frocks always have narrow belts of self-material. It is fastened with a square buckle set in large, colored stones. The same stones are repeated in a double-headed pin thrust through the crossed, loose ends of the narrow band that outlines the V neck. Naturally, the sleeves are long and fitted.

The new printed, transparent velvets, because of their resemblance to heavy foulards, have an air of informality never before associated with this rich material, so that it is not at all incongruous to consider printed velvet in a navy and gold checked design for a utility frock. Philippe et Gaston have made it very smartly into a plain belted dress with godets set into the front of the skirt for movement. It depends for novelty on the inch-wide strap of metal gold mesh like that in mesh bags, which forms the belt, encircles the wrists of the fitted sleeves and outlines the square neck. A clamped end dangles from the buckle at the left corner.

Practically every Paris designer this season has tried his hand at incorporating into a frock certain shaded cross stripes made by sprinkling the surface closely with coarse beads grading down in color from dark gray to white, then dark gray to white again, thus forming stripes. Drecoll uses this trimming idea on a useful jumper suit of smoke gray crepe de chine, the horizontal stripes put on in a wavy outline and the jumper belted in a beaded cording. The skirt of smoked crepe de chine was simply box-plaited.

Gown of Plaid Velvet Is Popular for Season

One of the newest and prettiest of the gowns for fall and winter wear is carried out in plaid velvet, with collar, cuffs and plastron effect of solid color. The strap belt and the rounded line at the waist afford a novel effect that is very striking.

Fullness of Dress

The evening dresses shall have fullness, according to the dictum of the fashionable designers. In order to procure full dresses for slim figures, therefore, they have turned to moire silk and this material promises to be very popular for evening dresses this winter. The favored colors are red, blue, green and brown.

The word we had not sense to say—

Who knows how grandly it had rung?

COOKING WITH TASTE

For an especial treat which looks very festive and is scarcely any more work than cooking fish in any other way, serve:

Planked Fish.—Keep a fish plank on purpose for fish and have another to use for meats. Prepare the fish, remove head, tail and backbone. Wipe with a wet cheesecloth and sprinkle with salt, pepper and olive oil. Lay the fish on a piping hot oiled plank, skin side down, and bake 15 to 20 minutes. Remove and make a border of hot mashed potatoes around the edge of the plank. Between the fish and the plank lay cooked string beans, carrots or peas. Return to the oven and brown lightly. Serve with the fish garnished with parsley and lemon quarters or pour over the fish lemon juice and finely minced parsley mixed with butter. Serve from the plank.

Philadelphia Clam Chowder.—First get your clams and the rest is simple. Chop 25 small clams and put in a colander to drain. Chop three medium-sized potatoes and boil in a quart of milk in a double boiler. Rub one-half cupful of butter and two tablespoonfuls of flour together and add to the milk and potato after it has been cooking fifteen minutes at a good boil; cook eight minutes, add one tablespoonful of minced parsley, salt and pepper to taste and cook three minutes. Add the clams and cook one minute. When ready to serve drop in six slices of bacon that have been cut into small pieces and well crisped. Serve at once.

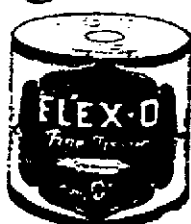

Pineapple Tarts.—Add one-half cupful of sugar, one tablespoonful of butter and one can of crushed pineapple to a saucepan and cook eight minutes, stirring frequently. Pour into individual pastry shells which have been baked until firm but not brown. Bake about ten minutes. Serve cold, garnished with a few cherries.

A spoonful of finely chopped pineapple with one of coconut makes a fine finish for a cup custard, adding a flavor and variety.

CHRISTMAS BASKETS FOR NEEDY IN SAUGERTIES

The Ministerial Association of the town of Saugerties held a meeting recently and there were eight ministers present. The Rev. Edward Ton of Mt. Marion and the Rev. M. H. Sharples of Malden were received as new members. The following officers were elected for the year: The Rev. E. L. Howe, president; the Rev. John Neander, vice president; the Rev. Edward Ton, secretary and treasurer.

It has been decided that a community prayer meeting on Thursday evening, December 15, will be held in Trinity Church, Saugerties, with the Rev. Mr. Ton as leader.

The Rev. T. L. Leverett, pastor of the Congregational Church of Saugerties, was appointed chairman of the Christmas basket committee, and every pastor was asked to appoint one lady of his church to serve on the committee. It is urged that all who wish to take part in sending baskets to the needy on Christmas give their contributions to their pastor.

Miss Monroe Assists on Confinement

Miss Kathryn Monroe recently assisted on the refreshment committee for the "Y. W. C. A." Harvest Supper at the Potsdam Normal School. The supper was a decided success. Miss Monroe is a daughter of Mr. and Mrs. John Monroe of Kingston. She was graduated from Kingston High School in 1925. She is now a senior at Potsdam State Normal.

MANY SCHOOL CHILDREN ARE SICKLY

LAST NIGHT on the RADIO

Static did not put reception entirely out Thursday evening, at least for all of the time. Before and after the local electric storm several western stations were fairly clear and WJZ was unusually strong. Even WRC at Washington could be heard.

The entire first act of Lew Fields' and Lyle D. Andrews' production of the musical adaptation of Mark Twain's famous novel, "A Connecticut Yankee," will be broadcast direct from the stage of the Vanderbilt Theatre in New York city through WEAF and a large chain of associated stations on Saturday night from nine to ten o'clock. This radio presentation will mark the twelfth of the "Old Gold on Broadway" hours which are sponsored by the P. Lorillard Company, makers of Old Gold cigarettes.

With the Chevrolet division of the family as host and Mary Garden as the stellar artist, another big General Motors "family party" will be broadcast over twenty-seven stations, including WEAF and WGY, at 9:30 eastern standard time on Monday evening, November 21. Like the last two programs, the hour will be divided into three sections, with notable leaders in the respective fields of entertainment—classical, popular and humorous—at the microphone in each. Mary Garden as just returned from a year abroad and her presentation by Chevrolet will be her first appearance on the air for more than a year. Leo Arillo, popular star of vaudeville and comedy drama, will make his first appearance over the radio as master of ceremonies of the radio revue, during which another favorite—Gladys Rice—will be heard with Lewis James and a chorus of sixteen voices, supplemented by Joe Green's harimba band and other light musical numbers. The third division of the hour will be devoted to popular music by Goldman's band.

OHIO KIDDIES' GIFT TO YOUNG KING OF RUMANIA

Children of Sandusky, O., have sent this box of American paints, brushes and pencils to six-year-old King Michael of Rumania, as an expression of friendship and sympathy. Photo shows Andrew Gordon, who wrote letter accompanying gift, and banner sent with present. (International Illustrated News.)

The Right Spirit

Much misconception and bitterness are spread to him who thinks naturally upon what he owes to others rather than what he ought to expect from them.—Madame Guizot.

Masculine Yearn

The good old girls of our set labor passionately to keep that schoolgirl complexion, but what we long for with an unutterable longing is that school boy stomach.—Ohio State Journal.

Had Read It

Maid (to mistress, after giving notice)—And as I'm leaving I might as well tell you that you've got the date of my arrival wrong in your diary.—Tit-Bits.

HUDSON VALLEY COKE

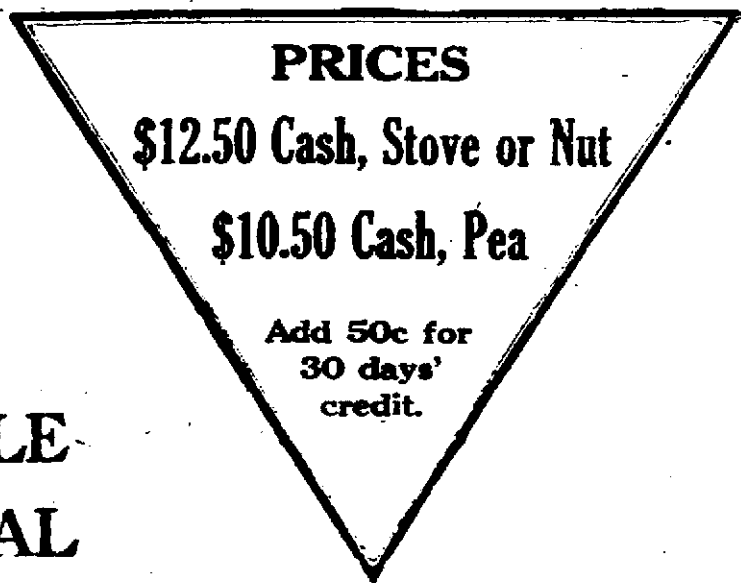

Is a dollar a dollar to you?

Invested in Hudson Valley Coke,
your money will yield 100% return

This fuel is distinguished by its greater heating efficiency and lower percentage of loss in burning when compared with other solid fuel suitable for household use.

Where Hudson Valley Coke has been on the market for one full heating season, its popularity is growing by leaps and bounds.

Nothing Like It

Without waiting to be announced or even knocking at the door, the young man strode into the private office of the managing director. The business man looked up from his correspondence and inquired sharply: "Well, what do you want?"

"I want a job, sir," answered the caller.

"Well," inquired the other, amused in spite of his indignation at the interruption, "what can you do?"

"Oh, anything, sir," was the ready answer.

"Anything, eh? And what is your motto for business life?"

"The same as yours, sir," said the young man.

"And what is that, may I ask?"

"The one on your door, sir—'Push.'"

Shut Door of Own Tomb

Robert Louis Stevenson once described Father Damien as "the man who shut with his own hands the door of his sepulcher." Father Damien was a Belgian missionary who went out to Hawaii in 1872 to minister to the victims of leprosy in the colony on Molokai. He founded schools, improved housing conditions and made the colony a brighter and more habitable place. Gradually the hideous disease took hold on the benevolent missionary and Stevenson's description became a grim fact. It was then that Father Damien fell into the practice of beginning his talks and letters with the melancholy words, "We lepers."—Pathfinder Magazine.

Freak Goldfish

Many Japanese goldfish fanciers favor the kinds with bulging eyes, as of a bullfrog, says Popular Mechanics Magazine. This characteristic is said to be developed by keeping the fish in tanks with only two small holes admitting light. The fish strain the muscles of the eye, turning and seeking the illumination, consequently acquiring the bulging effect through excessive exercise of the muscles controlling the eyes. Among 200 rare specimens presented to the United States by Japan in return for a gift of whitewash, were several patterned in delicate red, black, gold and silver colorings and with long, fluttering fins.

Origin Lost in Antiquity

There is some controversy as to the exact origin of the Septuagint. This is a translation of the Old Testament only, including the canon, the prophecies, and the writings. It was compiled for the use of Alexandrine (Greek) Jews who had lost their knowledge of the Hebrew tongue. According to tradition, based on the letters of Aristides, Philo and Josephus (Jewish historians), the translation was made by 72 scholars in 72 days by the order of Ptolemy II, who reigned at Philadelphia about 285-246 B. C.

Briefly Told

Roof and walls, be they cottage or mansion, do not make home; rather it is the atmosphere of natural love, the intimacies of thought, the joys and sorrows endured together, and the never failing sympathy—that bond invisible yet stronger than death.

Industrials to Start in December

Schedule Will be Completed Soon For Industrial Basketball League—Charles A. Warren (Chosen President).

Representatives of seven industries met at the Y. M. C. A. Thursday night and formed a constitution, elected officers and made plans for the starting of an Industrial Basketball League. It is expected that the outcome of the organization will be a successful one owing to the interest shown.

Charles A. Warren was chosen president of the league; LeRoy Longendyke, vice president; H. W. Brown, secretary and treasurer; and Frank N. Hinds, managing director. Jack Robins will be the official referee of the two games a week to be played at the Y. M. C. A. Thursday and Saturday nights at 8:30 o'clock. One more team will be taken into the league in addition to the following: Apollo Magneto, Columbia Shirt Company, H. W. Palen's Sons, Schilling Furniture Company, Jacobson Shirt Company, K. & M. Silk Mill and the Central Hudson Gas and Electric Corporation. Any local concern that desires to enter a quintet in the Industrial League may send an application to the officials. All men on the teams are required to be employees of the concerns which the various teams represent. No outside players will be permitted to play on any of the teams.

The first game of the Industrial League will be played at the Y. M. C. A. Thursday, December 1. Each manager will receive a printed copy of the schedule before the league games start and in order that the executives of the organizations may know the compositions of the various teams, each manager will be required to furnish a list of his players to them.

Appropriate Name

In architecture the term "wheel window" is applied to a circular window with radiating mullions resembling the spokes of a wheel.

OPERATION FATAL TO THE "DEACON"

Tiger Flowers of Atlanta, Ga., former world's middleweight champion, and a church deacon as well as a crack boxer, dies in New York following a minor operation. Flowers, aged 37, took the title from Harry Greb, but later lost it to Mickey Walker on a much disputed decision.

KINGSTON QUINNET TO PLAY COHOES TONIGHT

Mickey Husta will lead the local court representatives of the Metropolitan League against the E. T. Ruane Post, American Legion, of Cohoes tonight at the armory in that city. The regular lineup will be used while several Cohoes men will be on the Legion team.

The Hudson Met. League representatives defeated the Albany club Thursday night at the former's court, 34-38. Joe Brennan, who played his first game for the Hudson team, was the leading scorer of the

game and collected 19 points. Harry Riccarda of the Albany five registered 12. The game was rather scrappy and Referee Jim Davey found it necessary to call 10 fouls on Hudson and 45 on Albany. The teams were even in points when the half-time whistle sounded.

Keeping Watermelons

The bureau of plant industry says that by coating a watermelon with paraffin it may be kept quite well until Christmas, although the quality will be inferior. There is no way to keep a watermelon all winter satisfactorily.

Byrne Leaves For Garden Bout

Jimmy Byrne, known as the Red-Stocking Wild Man to his adversaries inside the enclosed arena, but to his many friends in Kingston and Eddyville as a big hearted boy, left this morning for his bout with Joe Sekyra at Madison Square Garden tonight.

Tommy Jones, Walk Miller's class little lightweight accompanied Byrne and Doc Stander, Jones's destination being Florida and Cuba, where he has several fights scheduled.

The fighters were given a rousing send off by their many Kingston and Eddyville admirers. There were a number of pupils from Van Bramer's dancing academy on hand to wish the boys a fond farewell.

Jimmy Byrne will be remembered as the boxer who fought on the Dempsey-Sharkey bout at New York and the Dempsey-Tunney fight at Chicago. Jimmy is meeting a tough scrapper in Joe Sekyra, but Byrne's victories over Benny Touchstone, Chuck Wiggins, Tom Sayers and a host of other well known heavies will make him the favorite to defeat the promising Sekyra. Byrne fought Young Stribling a hectic twelve round draw in Louisville, not so long ago. At that time, Byrne was under the management of Ross.

Sunday School League at "Y.M."

There will be a Sunday School Basketball League sponsored by the Y. M. C. A. this year and it is forecast that the great interest shown last year in the league will be eclipsed this season for an Intermediate Division has been added to the Seniors and Juniors of last year. It is expected that four games will be played in each division every week.

The age limit will not affect the Senior this year. Members of the various Sunday schools may play basketball as long as their standing as members is good, regardless of age. The following teams have signified their intentions of entering the Senior Division: Clinton Avenue M. E., Elmendorf Street Presbyterian, Comforter, Lutheran Church of the Redeemer, Wurts Street Baptist, Ponchockie Congregational, Trinity and Port Eben.

The Intermediate Division will be made up of boys to 18 years of age inclusive. If application is made to join a team in this division the player must remain in it throughout the season. The following churches will enter teams in this class: Clinton Avenue M. E., Elmendorf Street Presbyterian, Trinity Lutheran, St. James and the Comforter.

The Junior Division will be made up of boys not over 14 years of age. The following churches have signified intentions of entering quinquets in the class: Clinton Avenue M. E., Presbyterian A, Presbyterian B, Comforter and Fair Street Reformed.

MERCANTILE BOWLING LEAGUE RESULTS

The following scores were made in the Mercantile Bowling League at the Y. M. C. A. alleys Thursday night:

High School.

Sport Notes

Already reformers are trying to take the kick out of football.

Jack Hobbs, the English cricket player, is paid \$150 a week.

Soccer, a comparatively new game in the United States, is played by 250,000 men.

The Washington club plans to release Al Schacht. Why not cut off Altrick's left arm?

It was the sixth time since 1901 for the Pirates when they won the 1927 National league pennant.

Leo P. Flynn, who managed Jack Dempsey in his last two bouts, is also manager for Dave Shade.

Winter must be just around the bend: A golf bag was seen recently digging himself into a bunker.

Peter Direct, a racer, recently broke three track records in seven days during the meet at Caledonia, Canada.

Like "Bo" McMillan, here of the Centre victory over Harvard a few years ago, Ralph Welch of Purdue is a Texan.

An old-time baseball players' association is being formed in California. It is planned to hold an old-timers' game annually.

A swim marathon is being planned to be held in Lake Elsinore, Calif., for a prize of \$30,000. The distance will be 30 miles.

In the season of 1912 Joe Wood of the Boston Americans set up a major league pitching record by winning 34 out of 39 games.

Arthur W. Smith, the second son of Gov. Alfred E. Smith of New York, is manager of the Manhattan college cross-country team.

A Virginia football team is said to play without shoes. That's nothing. Harvard has been playing without touchdowns for years.

President Frank Scott of the Cotton States league, has announced the retention of two umpires from the 1927 staff—Levine and Black.

Prize fighting will go on, in spite of the popular assumption that by this time Tex Rickard really has more money than he knows what to do with.

Waite C. Hoyt pitched his best world series ball in 1923 against the New York Giants. He held the National leagues to two runs in 27 innings.

Retirement of Bill Clarke, for 20 years varsity baseball coach at Princeton, marks the passing of one of the outstanding figures in the college game.

Bill Whitman, who managed the Pittsfield team of the Eastern league this season, has indicated that he may manage in the Texas league next summer.

That radio announcer who, with the score tied in the last of the ninth, three on and no out, said, "Strategy now calls for a double play," had a nice voice.

Pat Crawford, third baseman of the Greenville team of the South Atlantic league, was honored with the title of "most valuable" player for his season's work.

Despite the loss of his right arm, Bob Eastwood looms as a gridiron star for Galileo high school in San Francisco. He has already made his mark as a truck man.

Mr. Dempsey, the well-known essayist, says he wants three more fights under his belt before next summer. With all his writing, he doesn't seem to know that word sufficiency.

Donie Bush says the New York Yankees were the better team, and now that that's definitely settled he'll be able to go on with our work just as we have been doing all along.

Hollis Thurston, pitcher obtained by the Washington baseball club from the Chicago White Sox last winter, has been sold to the San Francisco club of the Pacific Coast league.

What we wonder about the Waner boys, who made 430 hits between them for Pittsburgh this season, is whether the folks used to have any trouble getting them to beat carpets.

A pastor, hit by a golf ball, is seeking \$20,000 damages, claiming that the injury has impaired his ability to whistle and sing. Many men also get this way upon being hit by the golf bug.

Speaking of the lateral pass, what ever became of the old-fashioned short-order waiter who could bowl a mug of Java 32 feet down the counter without in any wise diminishing the contents?

Gertrude Ederle was the first woman to swim the English channel. Unfortunately, she could not copyright the act and prevent imitations from hurrying the value of a promising vaudiville career.

Primitive Banks

Hiding money in the ground is so prevalent in Ethiopia that although about 4,000,000 silver dollars are now there from Austria every year, there are never more than 7,000,000 in circulation.

CHANDLERS TO PLAY NEW PALTZ TONIGHT

The Chandler basketball team will meet the New Palitz High School quintet in the Normal school gym tonight at 7 o'clock. The game will be a preliminary to one in which the Normal School varsity will do battle. The local team has registered six straight wins since their organization and the same successful line-up will be used in the Normal tonight: Captain Chet Fox, Norm Niles, forwards; "Red" Kennedy, center; Smith, Duhin and Glass, guards.

Saturday night the Chandlers will meet the newly organized Liberty Five at the local Y. M. C. A. The Liberty Five will be composed of Long, Fischer, Cahlin, Wolf and Brown.

INTEREST SHOWN IN CITY BOWLING LEAGUE

Considerable interest has been shown in the formation of a City Bowling League. Inquiries have been made at the Y. M. C. A. where that organization would promote such an enterprise and they have been answered affirmatively. Frank N. "Pop" Hinds, physical director, is very much interested that all athletic undertakings be furthered and work with those interested in the formation of the league. Pete Kanan, man of the Colonial Bowlers is also interested in the league and will "Pop" Hinds in its formation teams manifest concern.

Nude stockings help a girl away with oxidized elbows.

The Right School!—The Right Time!
Hundreds of industrious young people have found the MORAN SCHOOL to be the "right school" through which to realize their aspirations. Registration now open for day and evening sessions. Call tonight!
MORAN SCHOOL
Situated in the "Rightful" Bargevin Building, corner Fair and Main Streets.

INDUSTRY FACES
RUIN IN RUSSIASoviet Cannot Make Mills
and Factories Pay,
Says Observer.

Riga, Latvia.—Both entering and leaving Russia is an experience. Going in one regards his return immediately upon boarding the train. The comradeship existing between travelers is slightly strained. One subject is taboo and that is Russia. Upon leaving Russia as soon as the train crosses the frontier a change is noticeable among the passengers. It seems as though every one has heaved a sigh of relief. People who were friendly before become even charming. Tongues wag and before the train arrives at Warsaw, Riga or Reval, as the case might be, all the passengers in the car have become friends.

Leaving Moscow my neighbor in the compartment went to bed before I did. In the evening we did not see each other. In the morning, after we passed the Latvian frontier we both seemed to feel a load lifted from our shoulders. The peculiar mental depression which affects visitors to Russia was gone. We invited each other for breakfast and began to get acquainted. We had both been in Russia for three months and visited widely separated districts.

Visited Industrial Centers.

He turned out to be a German engineer who had visited all of the industrial districts in Russia, from Leningrad right down to the Caucasus. Representing one of the big German industrial combines he had been sent to Russia to investigate industrial conditions and discover what chance there was of establishing a large plant in there. He talked with workers, foremen and managers. He was bringing back a pessimistic report and personally he was disillusioned about doing business in Russia. He also had met and talked with many Americans.

"After the Rapallo treaty was signed we Germans had illusions about exploiting the Russian market and gaining control of the Russian industry," he said. "Today we know better. We have discovered that the trade relations existing between Germany and Russia are not for the improvement of trade and commerce but for the furtherance of Bolshevik politics."

Politics Ahead of Business

"Russia, we found, does not do business with countries where she can sell the most profitably and buy the cheapest, she does business for politics. Today in Moscow the hotels are filled with Americans, they sit in the waiting rooms at the various commissariats and are taking out officials of the various Soviet trusts, syndicates and co-operatives to dinner. They are receiving encouragement, just what we got before the Rapallo treaty was

signed. They are going to learn just what we have learned during these last three years.

"The reason why there are so few representatives of German concerns in Russia today is not because we are not interested in the Russian market. Neither does it mean that we have capitulated to American competition. It only means the Soviet government is now doing everything possible to convince Americans that business can be done and that there is much more business awaiting around the corner just as soon as they can force the United States to recognize the Soviet regime. They worked the same game successfully with Sweden, Germany, Italy, England and France and now they are trying it on America."

Purchase Few German Articles.

"At present there are very few German concessions operating in Russia. The Soviet foreign trade monopoly is using almost no licenses permitting the import of German goods. I called on many trusts attempting to sell the many varieties of machines we produce, but found they all had to obtain special permits to import them from the trade monopoly, and if after long negotiations such a permit was received, then it would take several additional months before the order would be officially placed by the Soviet trade delegation in Berlin."

"Just now the Soviet delegation in Berlin is not buying because there is no political profit in doing business in Germany. They would rather pay higher prices to the United States in hopes of obtaining political recognition and huge loans and credits in the future."

The second reason for the poor

business in Russia is the extreme poverty of all Soviet institutions which all demand credit. These same syndicates, trusts and co-operatives bargain to the last penny and after endless bureaucratic negotiations and reams of regulations one discovers they can buy nothing. If business is finally transacted there is no profit because of the expenses entailed."

State Factories Losing Money.

"Heavy industry is buying the most abroad. The purchases mainly consist of replacements in machinery for mills, factories, mines, railroads, all of which need new equipment. The oil, coal and metal industries are buying most. In regard to the electrical industry I found many of the old works in operation and a few new ones. Some hydro-electric stations have been built and they are making slow progress in the process of electrification. Chimneys are smoking, workmen come to the mills and in the offices employees calculate endlessly for reports."

"The Soviet press is full of articles about industry, the industrialization of the country is the latest slogan. There are lots of meetings and conferences. They are going to make everything they need themselves. That is, when they get the machinery they need to start this miracle working program. But when one has seen it all one has the impression of looking at a dead body being galvanized into action by an electric current. This is because all of the mills and factories are working with worn-out machines. Under state monopoly, having a protected market, still all these concerns are losing money and are continually in need of new subsidies from the government."

Jobless Army 2,500,000.

"Nationalized industry in Russia is a luxury which the Soviet government can ill afford. If tomorrow the present Russian industry were placed in a position where it could compete with European industry, still it could not exist. Imagine six weavers on an island having a monopoly. Suppose one weaving machine started to work there. What would the other five weavers do. Russia today has more than a million and a half unemployed skilled workers and another million unemployed unskilled and white collar workers. Industry in Russia is so old fashioned that it cannot be compared with any industry in more progressive countries."

"What is more amazing is that all industry in Russia is operating at a loss. It is not helping to increase state revenues, but exists because it is supposed to support itself, and it does not do that. I obtained the impression that one of the chief reasons why industry is continued in Russia is as an advertisement to show that industry actually can exist under Communist government. This is an expensive advertisement."

Chaos for Industry.

"The peasant pays. He is paying for the present government. He is paying for the good-for-nothing industry and he pays the demoralized workers who are so busily engaged in bailing water with a sieve. The government appropriations to purchase new equipment are not a drop in the bucket of Bolshevik need."

"The enterprises themselves, administered and run by former workmen, are a sad sight to an industrial man. The management is without experience or education. They have been appointed chiefs of enterprises which, even though they may not be modern, still are large, and the heads of which should have theoretical and practical education and culture."

"It is true they are now trying to remedy this situation by calling back the 'specialists,' those who were the brains before. But they are employed only in an advisory capacity. If the Communist director wishes to demonstrate three times each week against Germany, England, or America he calls out all the workers and gives them a half holiday to listen to his speech. With proper encouragement he will talk all afternoon. He frequently does this, and no wonder production falls off."

High Prices for Poor Products.

"In many of the mills they are trying to produce several articles. And this is the age of standardization. It is hardly necessary to speak about

Not "How Much?"
But "Where?"

It isn't the amount of money you spend on your clothes that counts, but where you spend it that makes all the difference in the world.

Good taste is not necessarily high priced, and we have consistently proven it to our many satisfied patrons.

Try Magnesia
For Indigestion

People who suffer from indigestion usually have tried peppin, charcoal, drugs and various digestive aids and got little more than slight temporary relief—sometimes not even that.

But before giving up to chronic dyspepsia, just try the effect of a little Epsom's Magnesia—not the ordinary commercial carbonate, citrate or milk, but pure Epsom's Magnesia which you can obtain from practically any druggist in either powder or tablet form.

Take a teaspoonful of the powder or four tablets with a little water after your next meal, and you will find a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment, and sour, making you wind, flatulent, heartburn and the dreaded or heavy, lumpy feeling that seems to follow most everything you eat. You can enjoy your meals without a fear of indigestion.

With the Clermont Orchestra.

Equipped His Forces With Bibles and Guns

When Russell, Majors & Wright selected Nebraska City, Neb., as the point for the handling of military freight to western points in 1858, the company had in its service 200 men, 3000 wagons and 4000 teamsters.

On the day that the first big train began its long trek for the West, Alexander Majors addressed his teamsters, saying in part:

"I am a moral and religious man, and I feel it my duty as a member of society to carry out and enforce, as far as possible, a wholesome moral influence; therefore, I give every employee a copy of the Bible to defend himself against moral contamination; and also a pair of Colt's revolvers against warlike Indians; and each of you is required to sign a contract to the effect that while in our employ you will not use profane language, nor get drunk, nor gamble, nor treat animals with cruelty, nor interfere with the rights of citizens and Indians, nor do anything ungentlemanly toward anyone; and a violation of this agreement shall make you liable to a discharge and a forfeiture of your wages."—Kansas City Star.

Look for "Funny Man" to Exhibit Samples

A great drawback to being a professional column conductor is the fact that whenever you meet any new people you are expected to floor them with a barrage of witty remarks, El. I. Phillips complains in the American Magazine. The attitude implied, if not expressed, is: "So you're a humorist! All right, amuse me!"

When the portrait painter comes to a house party the guests do not gather about him and demand that he drag out his oils and paint something for them. When a prominent architect is introduced nobody thinks of exclaiming: "Oh, Mr. Fitchelbert, do be a nice man and dash off a few blueprints of the ground floor plan of the new gas works!" A business man can safely attend any party without anticipating any requests that he do some lightning calculations and drive a few sharp bargains with his host or hostess. If a fireman goes to a birthday party he is not asked to put out a fire.

But the man with a reputation for being even 30 per cent clever is expected to prove it.

Discouraging Weeds

Chemicals employed for the purpose of killing weeds kill every green thing—grass, weeds and all. Ordinary saline solutions are effective for the purpose—salt and water. Sometimes the more drastic corrosive agents are used, such as nitrate of soda or sulphate of ammonia. They render the ground barren until rains have washed them away and nature has reseeded the affected soil. The results are not permanent, therefore, although plant growth may be killed for a season by a single strong application. None of these chemicals should be employed in a garden or around a dwelling. There elbow grease is still the only satisfactory agent for discouraging weeds.

Giving Demonstration Dinners.

A. Plutzer of New York city is in Kingston arranging a number of demonstration dinners at private homes in behalf of a concern that manufactures aluminum ware. The first dinner of the series was given Thursday afternoon on West Chestnut street.

Raise Money for Town Purposes

Resolutions calling for Appropriations by Different Towns Introduced in County Legislature and Laid Over Until Monday Night.

Thunder, lightning, wind and rain delayed some of the members of the county legislature in arriving at Thursday evening's session of the Legislature and Chairman Scott did not point the gavel to bring the members to order until about 8 o'clock. The business consisted entirely of resolutions to raise money on different towns to pay indebtedness falling due in 1928.

The following were the resolutions introduced and laid over until Monday night:

Supervisor Hamilton, that \$1,000 be levied on Denning to pay bridge bond certificate; \$1,000 for snow removal; \$3,332.34 for road purposes; \$1,000 for general fund of the town.

Supervisor Story, that there be levied on town of Esopus \$2,200 for road bonds and interest; \$5,562.15 for two certificates of indebtedness.

Supervisor Dushabier, that there be levied on town of Gardiner \$3,406.67 for road bonds and interest.

Supervisor Avery, that there be levied on town of Hardenburgh \$2,748.87 to pay certificate of indebtedness for road purposes.

Supervisor DeWitt, that there be levied on town of Hurley \$1,000 to pay certificate of indebtedness for road purposes.

Supervisor Hulsair, that there be levied on town of Kingston \$344 for road purposes.

Supervisor Schantz, that there be levied on town of Lloyd \$2,000 for certificate for road purposes; \$1,200 to pay road bonds and interest.

Supervisor Davis, that there be levied on town of Marlborough \$5,119.17 to pay certificate and interest for road purposes; \$3,865 for road bonds and interest.

Supervisor Shaw, that there be levied on town of New Paltz \$9,000 to pay two certificates for road purposes; \$1,950 for road bonds and interest.

Supervisor Lyons, that there be levied on town of Olive \$4,820.67 to pay certificate of indebtedness; \$1,551.24 for certificate for snow removal and cutting brush.

Supervisor Heaton, that there be levied on town of Gardiner \$1,742.76 for road bonds and interest.

Supervisor Markle, that there be levied on town of Rochester \$6,254.45 to pay three certificates for road purposes.

Supervisor Shultz, that \$5,105 be levied on town of Saugerties to pay road bonds and interest; \$3,037.50 for snow removal; \$2,355 for grade crossing bonds; \$6,075 for road purposes certificate.

Supervisor Scott, that there be levied on town of Shawangunk \$5,189.17 to pay two certificates of indebtedness for road purposes; \$1,399.68 for road bonds and interest.

Supervisor Ferguson, that there be levied on town of Ulster \$3,444.34 and \$4,400 to pay bridge bonds.

Supervisor Rippert, that there be levied on town of Wawarsing \$4,400 for bridge bonds; \$4,242 for road bonds and interest; \$4,291.96 for road purposes.

Supervisor Elwyn, that there be levied on town of Woodstock \$3,950.10 for road bonds and interest; \$1,720.87 for road purposes.

The several resolutions calling for levying amounts on fire and lighting having been called up and adopted, day evening laid over from Wednesday.

On motion of Supervisor Rippert the board adjourned until Monday evening, November 21, at 7:30 o'clock.

Metals Long in Use

Specimens of iron have been found in Assyrian and Egyptian ruins. In the British museum there is a piece of iron believed to date from about 4000 B. C. Copper was known and used by man from the most remote periods. Its alloy with tin (bronze) was the first metallic compound in common use. Copper remains have been found in Egypt dating back to the Fourth dynasty, 3500-4000 B. C.

ELIMINATES BAD WEATHER, ASKS U. S. FOR \$18,000,000

Brooklyn Man Presents Elaborate Report of Services Performed and Requests Pay.

Washington.—Michael J. King, writing from No. 455 Fourth street, Brooklyn, to United States senators, says the government owes him \$18,000,000 for "services rendered in the elimination of inclement weather conditions in the United States of America in rotation from Vermont to Kansas." This sum, he says, pays for the period from 1900 to June 6, 1924.

Mr. King's letter hit here at a bad time for favorable consideration, for Washington has seldom seen a more inclement week.

"It is possible to control atmospheric conditions and distribute the elements according to our needs, also to the financial advantage of the mercantile, building and agricultural population," King wrote.

"In the past year I have performed work consistently to the advantage of the entire associated business enterprises of New York city. The minimum valuation of the work that I performed in elimination of inclement weather I would estimate to be at the rate of \$25,000,000 a day."

Mr. King presents an elaborate account of his elimination, and adds: "To continue this work for the next few years without an accountability would be unwise."

The letter is carefully typed and it carries with it on a separate sheet, the bill for the \$18,000,000.

Infancy of Music

It is thought that the first musical instrument was made far back in the Stone age when some one made a simple bow and found that by twanging the string it would make a sound. Then, later some one conceived the idea of adding other shorter strings to make different sounds. This was the beginning of the harp. The drum was first made when sections of the hides of animals were stretched across hollow logs.

United States Gold

The first gold mined in the United States came from the Appalachians. The first gold shipped to the mint for coinage from Southern states was from North Carolina in 1804; in 1826, Virginia and South Carolina; in 1830, Georgia; in 1831, Alabama and Tennessee; and in 1868, Maryland shipped gold to the mint for coinage.

Aviation Movements

The Army Air corps says that airplanes can fly upside down for several miles, the exact number depending upon the make of the plane. Very few airplanes can fly in this position without losing altitude. The aviator is enabled to determine the position of his plane by means of a "turn and bank" indicator.

GREGORY SENDS SAVING MACHINE TO HOME TOWN

Edwin Gregory, formerly of Kingston, and now of Tacoma, Washington, inventor and manufacturer of a special saving machine, has shipped one of the machines to the Lorchard Refrigerator Co., of Kingston, N. Y., his home town. The Lorchard Piano Company of New York has two in use. Ninety per cent of the senders in use in Grand Rapids are made by the same concern.

"Little Grandmas"

The drama "Little Grandmas," which was given at the Emmanuel Baptist Church Monday evening, October 21, will be repeated this evening at 8 o'clock, for the benefit of the church.

Protect Night Hawk

The night hawk must be classed as beneficial as it feeds entirely upon insects, large numbers of which are likely to be mosquitoes.

Needed Advice

Apparatus is being developed for dressing fog, but no chemical device has yet been planned for clearing political skies.—Boston Transcript.

A Mark of Distinction

ITS a mark of distinction to wear a Longines watch. The observatories of great nations have set the seal of approval on the Longines for accuracy and precision. Men of affairs prefer it for its dependability. A famous movement cased in gold, platinum, or silver, in many exquisitely designed models.

GoodWill Oakland Says

"Times certainly have changed. Our fathers wrapped themselves in furs in the winter and traveled in buckboards, but it's much cheaper for us to do without the furs and ride in 'Good Will' used cars."
